Newbury Planning Board  
C/O Martha L. Taylor, AIA, Planning Director  
Town of Newbury  
12 Kent Way  
Byfield, MA 01922

RE: **Open Space Definitive Subdivision Application, Fieldstone Lane  
15 Coleman Road, Byfield, MA**

Hello Martha,

The enclosed Definitive Subdivision Application for 15 Coleman Road is submitted pursuant to the OSRD Special Permit and Concept Plans, and consists of:

1. This Cover/transmittal letter
2. Definitive Subdivision Application Form
3. Brief Project Description
4. Open Space Definitive Subdivision Plans entitled "Site Plan Set for Fieldstone Lane", dated 01/08/21, (19 sheets)
5. Stormwater Management Report including Operation and Maintenance Plan
6. List of Requested Waivers (see Plan Set Page 2 and project description)
7. Abutters Lists
8. Development Schedule

Application and Review Fees will be submitted at your direction.

Thank you again for the feedback and perspective provided during previous Board meetings and site visits.

We have submitted an RDA Application to the Conservation Commission with the expectation of concurrent hearings in order to coordinate consistent permit conditions.

We will be submitting septic system plans shortly to the Board of Health with a separate submission.

Please let us know if you need anything further in order to schedule this application for the next available hearing date.

Thanks very much for your recent input and attention, we look forward to working through the planning process on this special project.

Sincerely,

  
Tom Zahoruiko, Manager, Zendko LLC

NEWBURY PLANNING BOARD

FORM C  
Application for Approval of a Definitive Plan

Three copies\* of this form, filled out and signed, should be submitted with 14 copies of the plan\*\* together with all information and fees required under § 117-18

February 3, 2021  
(Date of Filing)

To the Planning Board

The undersigned applicant being the owner or agent or representative of all the land included within a proposed subdivision shown on a plan entitled

Site Plan Set for Fieldstone Lane, an  
OSRD Definitive Plan  
by Civil Design Group LLC, dated January 8, 2021

being land bounded and described as follows:

SEE ATTACHED

hereby submits said plan as a DEFINITIVE Subdivision Plan in accordance with the Rules and Regulations of the Newbury Planning Board and makes application to the Board for approval of said Plan.

The Owner's deed of the property is recorded in the  
Essex South District Registry of Deeds, Book 30735, Page 125, or  
Land Court Certificate of Title No. —, registered in Essex South Land  
Registry District, Book —, Page —

Parcel One:

A certain parcel of land with the buildings thereon, situate in Newbury on the road running from Byfield to Rowley and bounded and described as follows:

Beginning at the Southwesterly corner thereof by land of Moses Coleman; thence North to the corner of the wall, thence Westerly to land of Moses Coleman; thence Northerly by said Coleman land to land of N T Caldwell, thence Easterly by said Caldwell's land to corner of wall and land of heirs of George Knight, thence Southwesterly in a straight line to a point on Coleman Road two Hundred (200) feet more or less Southeasterly from the point of beginning; thence Northwesterly along by said road to bound begun at

Containing ten (10) acres more or less.

For title, see deed dated October 1, 1992 recorded with Essex South District Registry of Deed at Book 12069, Page 219

Parcel Two:

A certain parcel of land situated in Newbury and Rowley, and bounded as follows:

Beginning at a point on Coleman Road 200 feet more or less Southeasterly from land of Moses Coleman; thence running Northeasterly by other land of Grantor in a straight line to a stone wall and land of heirs of George Knight; thence running Southerly and Easterly by land of said heirs to land of Ezra Hale along stone wall; thence Southerly by Hale's land to land of Daniel Hale; thence Westerly by said Hale's land to land formerly of Moses Coleman, now of Driscoll; thence running Northwesterly by said Driscoll land 290' feet more or less; thence running Northwesterly by said Driscoll land 500 feet more or less to Coleman Road; thence Northwest by said Coleman Road 58 feet more or less to point begun.

Containing thirty-three (33) acres more or less.

Excluding from the foregoing conveyance, however, any portion of the land described in the aforementioned deeds recorded with Essex South District Registry of Deed at Book 12069, Page 219 and Page 220 that lies in the Town of Rowley. The Rowley land consists of approximately 3.4 acres according to The Town of Rowley assessor's records and is identified on the Rowley assessor's Map: 21 Parcel: 16A.

Further excluding from the foregoing conveyance the land conveyed to Mark E. Woodbury and Tara S. Woodbury by means of the deed recorded with Essex South District Registry of Deed at Book 16535, Page 42

**Proposed Open Space Definitive Subdivision**  
**Fieldstone Lane**  
**15 Coleman Road, Byfield, MA**

**Project Description**

**Site Location and Description:**

15 Coleman Road is a 31.7± acre site which includes a circa-1787 traditional white clapboard home of approximately 3,000 sf (facing Coleman), an adjacent 40' x 36' red barn, a small shed/workshop outbuilding, and a more recent single-bay garage building.

The surrounding grounds consist of informally manicured open grassed areas, farm paths leading into more established and mature forested areas, a bisecting wetland which is traversed by an existing farm road crossing providing access to the rear of the site, where gently rolling terrain is criss-crossed by stone walls and vegetated with a variety of mature evergreen and deciduous trees.

The existing street presentation is dominated by the complex of buildings, along with stone walls (notably including the "Witchstone" which is now located in the stone wall near the Eastern end of the frontage), a few mature trees of varying health, and a picturesque stone wall on the West boundary which frames views of open farm fields.

The site is bordered by undeveloped forested property of the Governor's Academy, open farm fields, and a few residences.

**Project Goals:**

To preserve and enhance the appropriate elements of the existing complex of buildings, to protect the wetland resource and contiguous forested upland area beyond, and to sensitively design and develop a small residential neighborhood of high-quality and reasonably-sized homes, as expressed in Newbury Zoning Bylaw 97-5.C.1.

**Project Description:**

This 7-lot Definitive Subdivision plan is based on the Density Proof plan of 5 lots plus (2) bonus lots pursuant to the OSRD bonus provisions in the bylaw regarding additional open space dedication. This plan was developed with the combined input from the property owner/applicant, landscape architect, engineer, surveyor, and soils expert, along with municipal feedback.

The proposed 7-lot density relies on section 97-5.C.11.a of the Bylaw, which provides for a bonus lot for each additional 10% open space over and above the 50% minimum requirement. In this plan, approximately 86% of the site is proposed as permanently preserved open space. The amount of open space would provide a density bonus of 3 lots, but the density bonus is further limited to 2 lots by the 50% total bonus provision in 97-5.C.11, bringing the proposed density to 7 lots (proof of 5 + 2 bonus), which includes the lot with the existing home and barn.

The proposed open space is 27.2 contiguous acres (86% of the parcel), of which 65% is upland. This area includes mature forest, healthy understory including large areas of blueberry, and gently rolling terrain, criss-crossed with old stone walls and extensive interconnecting trails, and is ideal for walking and hiking. This open space can be owned by the Town or an alternative steward at the Town's suggestion (such as the Trustees of Reservations or Essex County Greenbelt). The open space abuts undeveloped land of the Governor's Academy, as well as a few residential neighbors.

Right-Of-Way width is proposed as 40', expanded to 126' diameter in the cul-de-sac. Paving width is proposed at 22', expanded to 60' outside radius in the cul-de-sac. The proposed length of the cul-de-sac is 402', with expected modest grades not exceeding 4%, and a nearly balanced site regarding earth movement. Sloped granite curb is proposed along with conventional drainage infrastructure, since this allows less impactful grading and site alteration than LID on the smaller lots, which is what allows the compact development area in order to preserve the larger amount of open space.

The site will be serviced by municipal water which is available in Coleman Road. The proposed on-site common septic system is located in the better soils on Lot 1, and is a pressure-dousing system for planned capacity of (7) 4-bedroom homes. Underground electric/telephone/cable services will be provided, and natural gas is available in Coleman Road, with provisioning subject to the policies of that utility. Fee ownership of the homes and lots is proposed, an HOA is proposed only for the common septic system, and the intent is to offer the road to the Town for acceptance as a public way. I expect to post required bonds in cash.

The main house and barn are proposed to remain in place, and the shed/workshop is proposed to be either moved or measured/documented in detail, and recreated in a similarly prominent location on Lot 7 with a strong presence to Coleman Road, in order to retain the current multi-building aesthetic. The development area is confined to the area closest to Coleman Road, where there is only one adjacent residence, and landscaped and buffer areas are as indicated on the Concept Plan.

The following waivers are requested:

1. Reduced area and frontage from the required agricultural residential zoning dimensions of 40,000 square feet area and 125 lineal foot frontage, in order to preserve more open space.
2. Section 117-18.b.13 - Trees over 6" in diameter, hundreds of trees over 6" in diameter, most to be preserved.
3. Section 117-18.c1-2 - Environmental Analysis. Requesting waiver from strict compliance since the majority of this section has been covered with the OSRD review of site and impacts, and due to the small scale of the development.
4. Section 117-23 - General layout and dimensions: ROW width 53' required, 40' proposed; cul-de-sac ROW diameter 165' required, 126' proposed; cul-de-sac pavement width 140' required, 120' proposed (shown as sufficient for emergency vehicles in plan set).
5. Section 117-34.a.1 - Utilities: drainage pipe required RCP, proposed HDPE.
6. Section 117-35 - Sidewalks/Bikeways: no sidewalks on adjacent streets, extensive on-site trails are being preserved and enhanced.

## **Fieldstone Lane Proposed Development Schedule**

April 2021:

- Record Decision/Plans
- Install erosion control
- Prepare construction entrance
- Document and rebuild workshop on site
- Tree clearing, stumping
- Rough grading
- Begin utility installation

May 2021:

- Complete utility installations including stormwater facilities
- Prepare gravel base
- Binder pave
- Begin foundation installations

June-December 2021:

- Complete installation of (4) foundations
- Complete renovation work on 15 Coleman
- Install septic system
- Install curbing
- Complete 3 homes for occupancy

2022:

- Install remaining foundations and complete all homes
- Stabilize remaining disturbed areas
- Install remaining landscaping features
- Shim and finish pave
- Prepare and submit final as-built plans
