CITIZEN'S PETITIONS

ARTICLE 4. Resolution in Support of Changing the State Flag & Seal of Massachusetts

Whereas The history of the Commonwealth of Massachusetts is replete with instances of conflict between the European Colonists and the Native Nations of the region, who first extended the hand of friendship to the Colonists on their shores in 1620, and helped them to survive starvation during the settlements first winter on their land;

Whereas members of the Native Nation for whom the Commonwealth of Massachusetts is named were ambushed and killed by Myles Standish, first commander of the Plymouth Colony, at Wessagussett (now Weymouth) in April of 1623, barely two years after the Pilgrims arrived;

Whereas the Colonial broadsword held by a white hand above the head of the Indigenous person on the Massachusetts Flag and Seal is modeled after Myles Standish's own broadsword, borrowed for that purpose from the Pilgrim Hall in Plymouth by the illustrator Edmund Garrett in 1884;

Whereas the belt binding the Native's cloak on the Flag and Seal is modeled after a belt worn by Metacomet, known to the English as King Philip, who was among the Indigenous leaders that resorted to a mutually destructive war in 1675-76 in defense of Native lands against Colonial encroachment;

Whereas the proportions of the body of the Indigenous person on the Flag and Seal were taken from the skeleton of an Indigenous person unearthed in Winthrop, the bow modeled after a bow taken from an Indigenous man shot and killed by a colonist in Sudbury in 1665, and the facial features taken from a photograph of an Ojibwe chief from Great Fall, Montana, considered by the illustrator to be a "fine specimen of an Indian", though not from Massachusetts;

Whereas the history of relations between Massachusetts since Colonial times and the Native Nations who continue to live within its borders includes the forced internment of thousands of so-called "praying Indians" on Deer Island, in Boston Harbor, where they died by the hundreds of exposure in the winter of 1675, the enslavement of Indigenous people in Boston, Bermuda, and the Caribbean Islands, the offering of 40 pounds sterling as bounty for the scalps of Indigenous men, women and children in Massachusetts beginning in 1686, increased to 100 pounds sterling for the scalps of Indigenous adult males in 1722, half that amount for Indigenous women and children;

Whereas Indigenous people were legally prohibited from even stepping foot into Boston from 1675 until 2004, when that Colonial law was finally repealed;

Whereas the 400th anniversary of the landing of the Colonists at Plymouth Plantation, which gave rise to the long chain of genocide wars and deliberate government policies of cultural destruction against Native Nations of this continent, occurred in the year 2020, affording every citizen of the Commonwealth a chance to reflect upon this history and come to an appreciation of the need for better relations between the descendants of the Colonial immigrants and the Native Nations of the Commonwealth;

Whereas the land area once now known as the Town of Newbury, shares a rich Native history with modern tribal Nations such as the Abenaki and the Mi'kmaq, who have lived here for thousands of years before the first colonial settlers arrived, in 1635;

Now, therefore, **BE IT RESOLVED** that the Town of Newbury hereby adopts this resolution in support of the work of the Special Commission Relative to the Seal and Motto of the Commonwealth, established by a Resolve of the General Court in 2021 and appointed by the Governor **to recommend changes to the current flag and seal of Massachusetts**, and in support of a new seal and motto for the Commonwealth that may better reflect our aspirations for harmonious and respectful relations between all people who now call Massachusetts home. The town clerk shall forward a copy of this resolution to Sen. Marc Pacheco and Rep. Antonio Cabral, co-chairs of the Joint Committee on State Administration, who serve as members of the Special Commission Relative to the Seal and Motto of the Commonwealth, and to Rep. Leonard Mirra and Sen. Bruce Tarr, with the request that they support the work of the aforementioned Special Commission and a new flag and seal for the Commonwealth.

Submitted by: Annah Powers, 32 Main St and others

1) Pursuant to Massachusetts General Laws Chapter 40, Section 6N, the Select Board is hereby authorized to make temporary repairs to private ways which have been open to the public for a period of at least five (5) years and have a current paved condition, out of funds appropriated for said purpose by Town Meeting. Repair does not mean new construction.

2) The repairs shall be those required by public necessity, including but not limited to:

- a) The necessity of providing adequate passable ways for public safety vehicles and other Town vehicles from public ways to private residences and Town-owned land and facilities.
- b) The Select Board upon recommendation by the Director of Public Works, shall make the determination of public necessity.

§ 118-2. Types of Repairs

- 1) The repairs must be temporary in nature, such as filling, grading, patching and surface coating, and may include such repairs to existing drainage swales, conduits and structures as are necessary to preserve the integrity of surface repairs to the roadway, and shall not be such as to constitute a reconstruction of the roadway.
- 2) The work may include removal of brush or limbs to the extent they are impeding safe passage on the way.

- 3) The repairs shall not include the construction of new drainage structures or features.
- 4) The temporary repair shall have a minimum expected life equal to five (5) years.

§ 118-3. Petition

A minimum of two-thirds (2/3) of the owners of property abutting the portion of the way proposed to be repaired must petition for the repair, with each lot ownership entity counting as one. The Select Board is authorized to waive this requirement.

§ 118-4. Status of Way

- 1) This bylaw does not confer any obligation or duty on the Town or its agents to either initially place or to thereafter maintain and repair said private ways so that they are reasonably safe and convenient for travel by being free from defects or want of repair.
- 2) The making of such temporary repairs to private ways, no matter how often or to what extent, does not constitute an acceptance by the Town of such private ways as public ways, nor does it constitute a way being "maintained and used as a public way" under the Massachusetts Subdivision Control Law.
- 3) Any private way repaired under the provisions of this bylaw need not be brought up to full Town standards and may continue to remain a private way. Repaired private ways may be brought to Town Meeting for acceptance as a public way by completing the steps required to construct a new way under the Town's Subdivision Control Regulations, which may be amended from time to time or otherwise as allowed by law. The Town shall have no obligation to pay for the improvements of a road to bring it up to Subdivision Standards.

§ 118-6. Liability

The Town, in making repairs under this section shall not be liable for any damages to persons or property caused by negligent repair or maintenance of the private way.

§ 118-7. Indemnity Agreement

- 1) No repair of a private way shall be undertaken until the Select Board has in its possession agreements executed by at least two-thirds (2/3rds) of abutting owners on the portion of the way to be repaired holding the Town harmless from any additional damage arising from any negligent repair, and which includes the following provisions:
 - a) that the Town assumes no liability to any owners by making the repairs;
 - b) jointly and severally, to indemnify and hold harmless the Town with respect to such statutory liability and any and all other liability for claims of injury, death or property damage to such owners or third parties caused by alleged defects in the way, including attorneys' fees and other costs of defense;
 - c) that should the Town decide not to continue to provide temporary repairs to such way, the owners will themselves keep such way in good repair so as to minimize the liability of the Town for having undertaken such repairs;
 - d) that such repair shall not constitute "maintenance" of such way, so as to give the way the status of a way "maintained and used as a public way" under the Massachusetts Subdivision Control Law; and
 - e) that if assessed for repairs, the owners will not appeal the amount of the assessment and agree that the assessment may be apportioned over the number of years of the expected lifetime of the repair to be determined by the Select Board.

§ 118-8. Continually Open to Public Use

The indemnity agreement required in Section 118-7 shall provide that any private way for which repairs and maintenance are performed pursuant to this bylaw shall remain open to public use for a period of at least twenty (20) years.

§ 118-9. Severability

If any portion of this bylaw should be determined by a court of competent jurisdiction to be invalid, such invalidity shall not affect the validity of this bylaw as a whole or impact any other portion thereof.

Or take any other action in relation thereto.
