**Subject:** Support for Wiffletree Works application

October 9, 2024  
Planning Board - Town of Newbury  
12 Kent St  
Newbury, MA 01922

Dear Planning Board Members,

I am writing in support of the Wiffletree Works application. As a former Newburyport resident who continues to be active in the local arts and theater communities, I'm confident that Wiffletree Works' parking and traffic flow plan is more than sufficient to accommodate the intended use of the property. Furthermore, I believe the entire community will benefit from the arts and education Wiffletree Works strives to provide and promote.

The blend of art, history, nature, and farming that Wiffletree Works will offer is truly one-of-a-kind. I believe their success will enhance the lives of everyone involved. I hope you will support this initiative and help it flourish. Your endorsement of Wiffletree Works' application will help to add a highly respected asset to the region in general and to the town of Newbury in particular.

Best regards,  
Sanford Farrier
