

TOWN OF NEWBURY COMMUNITY CHOICE POWER SUPPLY PROGRAM AGGREGATION PLAN

PREPARED BY
COLONIAL POWER GROUP, INC.

PURPOSE OF THE AGGREGATION PLAN

The Town of Newbury (“Town”) developed this Aggregation Plan (“Plan”) in compliance with Massachusetts law regarding public aggregation of electric consumers. It contains required information on the structure, operations, services, funding, and policies of the Town’s Plan. The Plan has been developed in consultation with a municipal aggregation consultant (Consultant), initially Colonial Power Group, Inc. (CPG) and the Massachusetts Department of Energy Resources (DOER).

The purpose of this Plan is to represent consumer interests in competitive markets for electricity. It seeks to aggregate consumers in the Town to negotiate rates for power supply. It brings together the buying power of more than 6,700 consumers. Furthermore, the Town seeks to take greater control of its energy options, including enhancing the ability to pursue price stability, savings opportunities and the amount of renewable energy procured. However, savings cannot be guaranteed. Participation is voluntary for each consumer. Consumers have the opportunity to decline service provided through the Plan and to choose any Competitive Supplier they wish. The Town has distributed this Plan for public review prior to submitting it to the Massachusetts Department of Public Utilities (“Department”).

REQUIREMENTS FOR MUNICIPAL AGGREGATION

The Massachusetts Electric Utility Restructuring Act of 1997 (“Restructuring Act”) contains several requirements for municipal aggregators. One requirement is to develop an aggregation plan in consultation with the DOER. The Plan is subject to review by consumers in the participating municipality and approval by the Department.

1 THE PROCESS OF MUNICIPAL AGGREGATION

Municipal aggregation involves a multi-step public process as follows:

- 1.1 Vote and Authorization to become a Public Aggregator
- 1.2 Development of Plan in Consultation with DOER
- 1.3 Review of Plan by Town Administrator, Select Board and Consumers
- 1.4 Vote on Plan by Select Board
- 1.5 Submission of Plan for Department Approval
- 1.6 Public Hearing on Plan by Department
- 1.7 Selection of Date for Receipt of Price Terms from Competitive Suppliers
- 1.8 Selection of Competitive Supplier by Town Administrator
- 1.9 Notification of Enrollment for Eligible Consumers¹
- 1.10 Beginning of Opt-Out Period (37 days prior to first service date)
- 1.11 Transfer of Participating Consumers to Competitive Supplier

In addition to this process, municipal aggregators must comply with open meeting laws, ethical rules, and certain public bidding and information requirements.

¹ The term “eligible consumers” is equivalent in meaning to “eligible customers” as defined by the Department in Municipal Aggregation Programs, D.P.U. 16-10, at 19 (2017). This includes (1) Basic Service customers; (2) Basic Service customers who have indicated that they do not want their contact information shared with Competitive Suppliers for marketing purposes; and (3) customers receiving Basic Service plus an optional green power product that allows concurrent enrollment in either Basic Service or competitive supply. This excludes (1) Basic Service customers who have asked their Local Distributor to not enroll them in competitive supply; (2) Basic Service customers enrolled in a green power product that prohibits switching to a Competitive Supplier; and (3) customers receiving competitive supply service.

2 NEWBURY'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town offers one program to achieve its goals: Newbury's Community Choice Power Supply Program ("Program").

The Program is designed to offer competitive choice to eligible consumers and to gain other favorable economic and non-economic terms in service contracts, however, savings cannot be guaranteed. The Town does not buy and resell power, but represents consumer interests to set the terms for service. Through a competitive bid and negotiation process, the Town develops a contract with a Competitive Supplier for firm, all-requirements service. The contract runs for a fixed term. The process of contract approval contains checks and balances. Once the contract has been negotiated by the Town's Consultant, it must be submitted to the Town Administrator for approval. And lastly, eligible consumers will be automatically enrolled in the Program unless they exercise their right to opt-out. Eligible consumers may opt-out of the Program, and select Basic Service or power supply from any other Competitive Supplier they wish at any time before or following their enrollment in the Town's Program. No eligible consumer is required to receive service under the Town's contract. [See Section 5.1.6 for detailed information on the opt-out process.]

2.1 ORGANIZATIONAL STRUCTURE

The Town's government is led by a five person Select Board. Daily operations are overseen by a Town Administrator. Town elections are held the second Tuesday in May.

The Select Board is composed of five members elected for three year terms. They meet every second and fourth Tuesday evening at 7:00 P.M. at Town Hall. They may also hold other meetings from time to time. The Select Board acts as the Town's Chief Executive Body responsible for the general welfare of the community. Specific powers and responsibilities of the Select Board are set forth in the Town Charter. The operational role of the Town and its Consultant in relation to consumers is outlined and described in the following pages.

2.2 OPERATIONAL LEVELS

There are five operational levels to the Town's Program as follows:

2.2.1 Level One: Consumers

Consumers hold the ultimate authority over the Program and its functions. They can elect candidates for the Select Board who may take positions regarding the Program. They can participate in local and regional meetings and hearings regarding issues related to restructuring in

general and the Town's Program in particular. And they can attend meetings to express their views.

Every eligible consumer in the Town may participate in the Town's Program. All eligible consumers will also have the ability to decline service through the Competitive Supplier and choose any other power supply option they wish or remain with the Local Distributor, National Grid (NGRID). Eligible consumers who are dissatisfied with services provided under the contract negotiated by the Town may also communicate directly with the Competitive Supplier or the Consultant retained by the Town to assist with the implementation of the Plan via e-mail or toll-free telephone number in an effort to alter or otherwise improve service. Eligible consumers may also opt-out at any time by contacting the Competitive Supplier. Eligible consumers may also bring issues before the Select Board.

2.2.2 Level Two: Select Board

Based upon its existing authority or authority provided by voters at Town elections, the Select Board may act on program and policy issues and contract recommendations. In addition, it may provide instructions to the Town's Consultant regarding specific policy or program decisions to be made under the Program. It may also raise issues directed to it by consumers for the Town to address.

2.2.3 Level Three: Town Administrator

The Town Administrator carries out the collective decisions and instructions of the Select Board and participating consumers.

2.2.4 Level Four: Consultant

As the Town's agent, the Consultant shall provide the day-to-day management and supervision of the business affairs of the Program under a contract agreement. The Consultant shall serve as the Town's procurement agent, utilizing its existing staff to solicit services as requested by the Town. In addition, the Consultant provides office space and administrative support to coordinate the Program's operations.

This administrative support includes:

- communications;
- program development;
- recordkeeping; and
- program oversight and maintenance.

2.2.5 Level Five: Competitive Suppliers

Competitive Suppliers contract with the Town through the Town Administrator. The contract is negotiated, recommended, and monitored for compliance by the Consultant. No contract is binding until it is approved by the Town Administrator. The complete set of Competitive Supplier responsibilities is found in the Electric Service Agreement (ESA) between the Town and the Competitive Supplier.

2.3 OPERATIONS

The Program's operations are guided by the provisions and goals contained in this Plan and the instructions and decisions of the Town Administrator, the Consultant, and participating consumers.

The goals of this Plan are as follows:

- provide the basis for aggregation of eligible consumers on a non-discriminatory basis;
- acquire a market rate for power supply and transparent pricing;
- allow those eligible consumers who choose not to participate to opt-out; and
- provide full public accountability to participating consumers.

2.4 STAFFING AND MANPOWER

The operations necessary to plan, deliver, and manage the Town's Program include:

- technical analysis;
- competitive procurement of services;
- regulatory approvals;
- accounting and fiscal management;
- contract maintenance;
- communications;
- program coordination; and
- administrative support.

The Town intends to utilize the Consultant as the professional, technical, and legal consultant to operate the Program. The Consultant is a licensed broker of electricity in Massachusetts (EB-107). The Consultant has experience designing, implementing and administering opt-out municipal aggregation programs.

The Consultant will be responsible for monitoring all aspects of the Program and any resulting

contractual agreements, including but not limited to: monitoring and reporting on compliance with all contract terms and conditions, resolution of contract issues, implementation of the opt-out process for consumers, participation in negotiations with NGRID, preparation of reports, as directed, and routine updates and attendance at meetings with the Town Administrator and Select Board.

The Program has been developed on behalf of the Town by the Consultant with the support of technical consultants and legal counsel. Once a contract has been secured, the Consultant will administer the Program.

The Consultant will undertake negotiations with Competitive Suppliers and provide representation at the state level, as needed, at the direction of the Town Administrator and Select Board. The terms and conditions of any contract may be subject to review by the Town Counsel, as well as by any outside legal counsel which may be selected by the Town, and may be further subject to the Town Counsel's approval as to legal form.

3 PRODUCT OFFERINGS

The Town will solicit bids for power supply from Competitive Suppliers that (1) meet the required Massachusetts Renewable Portfolio Standard (RPS) obligation and (2) provide additional Renewable Energy Certificates (RECs). The Town may seek RECs, at varying percentages, from a variety of both local and national renewable sources, including but not limited to wind, solar, hydro and geothermal power.

The Town will ask Competitive Suppliers to identify the technology, vintage, and location of the renewable generators that are the sources of the RECs. The Town will require that the RECs either be created and recorded in the New England Power Pool Generation Information System or be certified by a third party such as Green-e.

3.1 STANDARD PRODUCT

All eligible consumers will be enrolled in the Town's standard product unless they affirmatively opt-out of the Program. The Town's standard product may incorporate RECs beyond the required minimum Massachusetts RPS obligation. The Town will evaluate bids and select a standard product that addresses the Town's objectives with respect to price and renewable energy content at the time of such decision.

3.2 OPTIONAL PRODUCT

The Town may also offer one or more optional products. Eligible consumers will only be enrolled in a Town's optional product if they affirmatively select it. The Town's optional

products may, but shall not be required to, incorporate RECs beyond the required minimum Massachusetts RPS obligation. Products with a higher percentage of renewable energy are typically available at an additional incremental cost and will provide consumers with alternative choices in terms of the balance of price and environmental benefit.

4 FUNDING

Initial funding for the Town's Program comes from private capital supplied by CPG. The ESA with a Competitive Supplier will include a \$0.001 per kWh fee that will be paid by the Competitive Supplier to the Consultant ("Consultant Fee"). The Consultant Fee will fund the on-going costs of the Program. The start-up costs, to be borne by the Consultant, include costs for legal representation, public education, and communications. Mailing costs will be borne by the Competitive Supplier.

5 ACTIVATION AND TERMINATION

5.1 ACTIVATION

Following the process of municipal aggregation and competitive procurement of a proposed contract by the Town, activation of the Program requires the following steps:

- a) Approval of Plan by Department
- b) Acceptance of ESAs by Town Administrator
- c) Signing of ESA by Town Administrator
- d) Notification of Enrollment for Eligible Consumers
- e) Notification of NGRID
- f) Beginning of Opt-Out Period
- g) Transfer of Participating Consumers to Competitive Supplier

Each of these steps is described as follows:

5.1.1 Approval of Plan by Department

The Town, through its Consultant, shall file this Plan with the Department. The Department is required to hold a public hearing on the Plan.

5.1.2 Acceptance of ESAs by Town Administrator

All contracts negotiated by the Town shall be expressly conditioned upon the acceptance of the contract by the Town Administrator. Competitive Suppliers and contracts must comply with all

applicable laws and rules and regulations promulgated by the Department concerning Competitive Suppliers.

5.1.3 Signing of ESA by Town Administrator

With the signing of the contract by the Town Administrator, the terms and conditions in the contract will be utilized for service for eligible consumers within the municipal boundaries of the Town, except for those eligible consumers who affirmatively opt-out of the Program.

5.1.4 Consumer Education and Notification of Enrollment for Eligible Consumers

The Town has developed an Education and Outreach Plan (“Education Plan”) describing the outreach strategies and efforts it will undertake to inform eligible consumers about the Program and their right to opt-out. The Town’s Education Plan is available on the Program website (<https://colonialpowergroup.com/newbury/>).

Following approval of the contract by the Town, the Competitive Supplier shall undertake notification of all eligible consumers on Basic Service to be enrolled. NGRID will provide the Competitive Supplier and the Consultant with a list of eligible consumers. NGRID will electronically transmit the name, address and account of eligible consumers and run this data just prior to the meter read at which the change to the Competitive Supplier is set to occur to ensure that only eligible consumers are enrolled. Only current eligible consumers will be sent opt-out notices. The Town may also generally notify all consumers receiving competitive service of their eligibility to receive power from the Town’s Competitive Supplier. In doing so, the Town will clearly disclose in any notifications that such consumers may be subject to penalties or early termination fees if they switch from competitive service to the Town’s Program during a competitive supply contract term. No later than ten days prior to the date of issuance, the Town shall provide the Department with a copy of any notice it proposes to send to competitive supply consumers for the purpose of notifying such consumers of their eligibility to receive power from the Town’s Program. Once the appropriate notification has been provided to the eligible consumer and applicable opt-out requirements met, the Competitive Supplier will electronically enroll the eligible consumer by submitting an “enroll customer” transaction to NGRID in accordance with the rules and procedures set forth in the EBT Working Group Report, which is applicable to all Competitive Suppliers and distribution companies in Massachusetts.

The process of notification shall be multi-layered and will include:

- mailings by the Town;
- newspaper notices;
- public service announcements (PSAs); and
- notices posted in Town Hall and on Town’s website.

Prior to enrollment, this notification shall:

- inform eligible consumers they have the right to opt-out of the aggregated entity without penalty and choose Basic Service at any time before or after their first day of service;
- prominently state all charges to be made and a comparison of the price and primary terms of the Town's contract compared to the price and terms of NGRID's Basic Service;
- explain the opt-out process;
- provide written notification that no charges associated with the opt-out will be made by the Competitive Supplier; and
- inform eligible consumers that savings cannot be guaranteed.

When a new eligible consumer first moves to the Town, the eligible consumer will not be assigned to the Town's Competitive Supplier until the Competitive Supplier submits an "enroll customer" transaction. Prior to such "enroll customer" transaction, the eligible consumer shall receive Basic Service. The Competitive Supplier is responsible for including new eligible consumers in the Program as they move into the Town by the requesting electronic transmittals on a quarterly basis from NGRID, notifying and enrolling per the procedures followed for the initial enrollment.

The approximate timing of the major procedural steps related to the notification of consumers is as follows:

Day 1	Supply contract executed between Town and Competitive Supplier
Day 2	Competitive Supplier notifies NGRID to prepare Town eligible consumer data
Day 3	Competitive Supplier begins EDI testing with NGRID
Day 14	Competitive Supplier receives eligible consumer data from NGRID
Day 18	Consultant and/or Competitive Supplier mails opt-out notice to all eligible consumers
Day 21	Eligible consumers receive opt-out notice; opt-out period begins
Day 21-51	Eligible consumers wishing to opt-out return reply card in pre-paid envelope to Competitive Supplier
Day 33	Competitive Supplier completes EDI testing with NGRID
Day 51	Deadline for eligible consumers to postmark opt-out reply card to avoid automatic enrollment
Day 55	Competitive Supplier removes opt-outs from eligible list
Day 55	Earliest date Competitive Supplier can send EDI enrollments for participating consumers

The timing of enrollments will ensure that eligible consumers have a full 30 days to opt-out, plus an additional six days to account for mailing (i.e. three days for the opt-out notice to be delivered to the eligible consumer and three days for the opt-out reply card to be delivered to the Competitive Supplier through the mail). Accordingly, the opt-out period ends 36 days after mailing the opt-out notice. Participating consumers are enrolled with the Competitive Supplier on the next meter read, provided that the enrollment transaction is submitted no fewer than 37 days after mailing the opt-out notice and two full business days before the meter read. An eligible consumer will not be automatically enrolled when an opt-out notice is returned as undeliverable.

Our Consultant's experience with previous aggregation programs suggests that the Town, Competitive Supplier and NGRID need about two months to complete the consumer notification and enrollment process.

The procedures described above may also be found in NGRID's Terms and Conditions for Municipal Aggregators, M.D.P.U. No. 1421, as amended or superseded from time to time. These procedures were discussed in numerous meetings between CPG and NGRID.

The methods by which eligible consumers will be enrolled in the Program are consistent with NGRID's Terms and Conditions for Competitive Suppliers, M.D.P.U. No. 1420, as amended or superseded from time to time.

5.1.5 Notification of NGRID

Along with notification of eligible consumers, the Town shall notify the selected Competitive Supplier and NGRID to begin preparation of the administrative process to transfer eligible consumers coincident with each eligible consumer's billing cycle. Alternatively, or in combination with the Town notification, the selected Competitive Supplier may notify NGRID to begin preparation of the administrative process.

5.1.6 Beginning of Opt-Out Period

Eligible consumers may opt-out of service from the Program at no charge either in advance of service start up deadlines or at any time after the first day of service. Participating consumers who seek to return to NGRID's Basic Service should provide notice to the Competitive Supplier and/or NGRID five or more business days before the next scheduled meter read date. Pursuant to NGRID's Terms and Conditions for Municipal Aggregators, M.D.P.U. No. 1421, participating residential consumers will be transferred to NGRID's Basic Service in two business days if they directly notify NGRID of the intent to terminate generation service from the Competitive Supplier. If a commercial or industrial consumer directly notifies NGRID of the choice to terminate generation service from the Competitive Supplier, the generation service shall be

terminated on the date of the customer's next scheduled meter read. If a residential, commercial, or industrial customer notifies the Competitive Supplier of the choice to terminate receipt of generation service, the termination shall take place on the date of the customer's next scheduled meter read, so long as the Competitive Supplier has submitted the transaction to NGRID no fewer than two business days prior to the meter read date. There shall be no charge for returning to NGRID's Basic Service in this manner. Further opportunities for eligible consumer opt-out may be negotiated by the Town and the Competitive Supplier and included in the terms of the contract presented to the Select Board, the Town Administrator, and made part of the public information offered to each eligible consumer. However, any such opportunities must be approved by the Department (including all public education and outreach information provided to eligible consumers for this purpose). Eligible consumers who opt-out and subsequently wish to re-enroll will be enrolled pursuant to NGRID's Terms and Conditions for Competitive Suppliers, M.D.P.U. No. 1420, as amended or superseded from time to time. [See Section 8 for further information.]

5.1.7 Transfer of Participating Consumers to Competitive Supplier

The process of activation is an administrative function with three parts:

- a) Data Preparation: NGRID will identify all eligible consumers as defined by the Department in Municipal Aggregation Programs, D.P.U. 16-10, at 19 (2017).
- b) Automatic Enrollment: All verified eligible consumers shall be transferred to the Town's Competitive Supplier coincident with NGRID's billing periods, unless they have previously sent in notification of their intent to opt-out according to established deadlines. Eligible consumers will be enrolled with the new Competitive Supplier over the period of one month. Service under the new Competitive Supplier shall begin at the start of the billing period following transfer.
- c) Notification: NGRID shall notify each transferred participating consumer of the change to the Town's Competitive Supplier with its last bill for Basic Service.

5.2 TERMINATION

The Program may be terminated in two ways:

- upon contract termination or expiration without any extension, renewal, or subsequent contract being negotiated; or
- at the decision of the Select Board and Town Administrator to dissolve the Program.

Each participating consumer receiving service under the Town's Program will receive notification of termination of the Program 90 days prior to such termination.

In the event of contract termination, participating consumers would return to NGRID's Basic Service or choose a Competitive Supplier. This transfer would occur in coordination with NGRID using established EDI protocols and in accordance with the rules and procedures set forth in the EBT Working Group Report.

6 METHODS FOR ENTERING AND TERMINATING AGREEMENTS

The Town's process for entering, modifying, enforcing, and terminating all agreements associated with the Program shall comply with the requirements of the Town's charter, and state and federal laws. Where required, the procedures outlined in M.G.L. c. 30B shall be followed. Other agreements shall be entered, modified, or terminated in compliance with the law and according to the express provisions of the relevant agreement.

Prior to the end of the initial ESA, the Consultant will be responsible for conducting a subsequent bidding process for a new ESA. The Town Administrator is responsible for executing a new ESA. Customers will be notified through press releases and public notices. New opt-out notices will not be mailed. The Town will not use on-bill messaging or bill inserts. However, NGRID may include on-bill messaging notifying consumers of a supplier switch. The transfer of customers from the existing supplier to the new supplier is conducted by the new supplier in coordination with NGRID using established EDI protocols.

The Town will notify NGRID of the planned termination or extension of the Program. In particular, the Town will provide NGRID notice:

- 90 days prior to a planned termination of the Program;
- 90 days prior to the end of the anticipated term of the Program's ESA; and
- four business-days after the successful negotiation of a new electricity service agreement.

With respect to a planned termination of the Program, the Town will also notify the Director of the Department's Consumer Division at the same time it notifies NGRID (i.e., 90 days prior). Such notification to the Department will include copies of all public notices, press releases, Town Hall and website postings and any other communications the Town intends to provide consumers regarding the Program's termination and return of participating consumers to NGRID's Basic Service.

7 RATE SETTING, COSTS, AND BILLING

The Town will offer the Program at rates and terms to be negotiated with Competitive Suppliers. All Competitive Supplier charges to the participating consumer will be fully and prominently disclosed under the notification process.

NGRID shall continue to provide metering, billing, and maintenance of the distribution system as a regulated monopoly function. Charges for metering, billing and other distribution services shall be regulated by the Department, unless otherwise provided for in law, or Department rules and regulations.

7.1 RATE SETTING

Under Department orders, NGRID assigns the rate classification and corresponding character of service and associated regulated rates. These rates include a monthly customer charge, a distribution charge, a transmission charge, a transition charge, an energy conservation charge, and a renewable energy charge that currently make up a portion of a ratepayer's bill. Although the Town, or its Consultant, may participate in regulatory proceedings and represent the interests of ratepayers regarding these regulated rates, it will not assign or alter existing rate classifications without the approval of the Department. [See Section 7.3 for an example of a typical residential bill.]

The focus of the Town, as noted above, will be acquisition of competitive prices and terms for power supply, however, savings cannot be guaranteed. This price, or prices, will be set through the competitive bid and negotiation process, and will be noted on the participating consumer's bill as the "generation charge".

The competitive bid process will seek prices that will differ among the rate classifications established by NGRID's tariffs. The terms and conditions of service may also vary among rate classifications.

Any applicable taxes will be billed as part of the Program's power supply charge. Participating consumers are responsible for identifying and requesting an exemption from the collection of taxes by providing appropriate documentation to the Competitive Supplier.

The Town will ensure participating consumers are alerted to any changes in Program price and product offering. This will be accomplished through mail, electronic communications, the media, and public meetings and presentations. Specifically, the Town will notify consumers using the following methods: a direct mail notice to participating consumers (received no later than 30 days prior to the effective date of the price change), the Town's website and the Program website; press releases and local cable television shows; and presentations to the Select Board. In

addition, notices will be placed in newspapers, in Town Hall and in public buildings (i.e. library, Senior Center, etc.). All such notifications will describe the Program's details including the price, term, fees, product offering(s)(including renewable energy content), toll-free telephone number, and will inform participating consumers that they may opt-out of the Program at any time and return to Basic Service at no charge.

At least 30 days prior to the effective date of a new supply contract term, participating consumers will receive a mailed notification informing them of the change. Participating consumers who are (i) enrolled in the Program's standard product or (ii) enrolled in an optional product that will be offered again in the new contract, will be notified that they will be re-enrolled in the same product offering unless they affirmatively opt-out or enroll in an alternative product. Participating consumers enrolled in a Program optional product that (i) will not be offered under the new contract or (ii) no longer conforms to the product offering as originally described, will be invited to select from one of the new product offerings or to opt-out. Any such consumer that does not make a selection or does not opt-out will be enrolled in the Program's standard product.

If there is a change in law² that results in a direct, material increase in costs or taxes during the term of the ESA (see Article 17 of the ESA), the Town will seek to negotiate a change in the Program price or other terms with the Competitive Supplier. At least 30 days prior to the implementation of any such change, the Town will notify participating consumers of the change in price as described above.

Additionally, the Town will notify the Director of the Department's Consumer Division prior to the implementation of any change in the Program price related to a change in law (e.g., regulatory event or new taxes). Such notification to the Department will occur no less than ten days prior to the Town notifying participating consumers and will include copies of the mailed notice, all public notices, press releases, Town Hall and website postings and any other communications the Town intends to provide consumers regarding the Program's change in price.

In the event an ESA is terminated as the result of a dispute over a change in law, the Town will follow the procedures for termination of the Program. [See Section 5.2 and Section 6 for detailed information on the termination process.]

7.2 COSTS

The Program funding will be derived from a \$0.001 per kWh Consultant Fee payable by the Competitive Supplier to the Consultant.

² The term "change in law" defines the terms "Regulatory Event" and "New Taxes" as those terms are used in Article 17 of the ESA.

In addition, the Town may fund personnel costs associated with an Energy Manager position(s) to support the operation of its Aggregation Program, through an Operational Adder equivalent of up to \$0.001 per kWh, payable by the Competitive Supplier to the Town.

7.3 BILLING

Participating consumer billing under the Town's Program will be made by the Competitive Supplier under contract and shall be incorporated into the standard monthly utility billing. Participating consumers will receive a "complete bill" from NGRID that incorporates the power supply charge and NGRID's delivery charges. The bill shall include a clear delineation of all regulated and non-regulated charges.

The typical residential "complete bill" for use of 600 kWh shows the following charges for NGRID's Basic Service in November 2022:

For Customer With Monthly Usage of 600 kWh		
	Rate (\$/kWh)	Charge

8 UNIVERSAL ACCESS

“Universal access” is a term derived from the traditional regulated utility environment in which all consumers desiring service receive that service. The DOER’s Guide to Municipal Electric Aggregation in Massachusetts has defined universal access to mean “electric services sufficient for basic needs (an evolving bundle of basic services) available to virtually all members of the population regardless of income.” The Guide also provides that a municipal aggregation plan meets the requirement of universal access “by giving all consumers within its boundaries the opportunity to participate, whether they are currently on Basic Service or the supply service of a Competitive Supplier.” For the purposes of the Town’s Program this will mean that all existing consumers within the borders of the Town and all new consumers in the Town shall be eligible for service from the Competitive Supplier under the terms and conditions of the contract. One of the Town’s goals, as indicated in Section 2.3, is to “Provide the basis for aggregation of eligible consumers on a non-discriminatory basis”.

Service under the Town’s Program shall include rate classifications in adherence with universal service principles and requirements, and the traditional non-discriminatory practices of local government. Contracts with all Competitive Suppliers shall contain provisions to maintain these principles and equitable treatment of all rate classifications.

Eligible existing consumers in the Town shall be transferred to the Program unless they have affirmatively opted-out of the Program.

Eligible low-income consumers shall remain subject to all existing provisions of state law regarding their rights to return to Basic Service and to participate in the Program as well.

New eligible consumers shall be enrolled in the Program unless they have affirmatively opted-out of the Program. New eligible consumers will retain the right to opt-out any time after the commencement of Program service.

Eligible consumers who have previously opted out of the Program, with the exception of large industrial consumers, may request that they be re-enrolled in the Program. The Town’s Competitive Supplier will re-enroll such eligible consumers at the then-current Program rate.

Consumers being served under competitive service, with the exception of large industrial consumers, may affirmatively opt-in and request that they be enrolled in the Program. The Town’s Competitive Supplier will enroll such consumers at the then-current Program rate.

Large industrial consumers who have previously opted out of the Program or are being served under competitive supply may request to join the Program. Given the high monthly usage of such consumers, enrollment may be at the then-current market price.

The enrollment procedures are summarized as follows:

	Residential	Commercial	Industrial	Large Industrial
Initial Eligible Consumers at Program Launch	<ul style="list-style-type: none"> • Will be mailed an opt-out notice with a respond by date • Will be automatically enrolled unless they exercise their right to opt-out • Enrollment will occur no sooner than 37 days after the mailing of the opt-out notice

9 **EQUITABLE TREATMENT OF RATEPAYERS**

All ratepayers will be treated equitably. They will be guaranteed the right to raise and resolve disputes with the Competitive Supplier, be provided all required notices and information, and always retain the right to opt-out of the Town’s Program as described herein or to switch Competitive Suppliers. The requirement of equitable treatment of all ratepayers does not, however, require that all ratepayers be offered the same pricing or terms and conditions. To impose such an interpretation to the statutory requirements governing municipal aggregation programs would, in effect, result in inequitable treatment, as attempting to apply identical prices, terms, and conditions to ratepayers with widely disparate characteristics would have the inevitable effect of giving some ratepayers more favorable service than others. Rather, rate classifications that are similarly situated will be treated equitably. The implementation of the Program will recognize this reality through appropriate distinctions in pricing and, where applicable, terms and conditions among ratepayers.

10 **RELIABILITY**

“Reliability” in power supply and in transmission and distribution is essential to consumers. This will be accomplished and reinforced by the Program at several levels through:

- provisions of the contract that will include language on reliability of supply, liability and damages provisions;
- traditional proceedings related to NGRID’s regulated transmission and distribution services; and
- direct discussions with NGRID concerning specific or general problems related to quality and reliability of transmission and distribution service in the Town.

11 **INFORMATION DISCLOSURE**

The Town will provide the disclosure information required under M.G.L. c. 164, § 1F(6) and 220 C.M.R. 11.06. Like other Massachusetts aggregations, the Town has requested a waiver from the requirement that its Competitive Supplier mail an information disclosure label directly to participating consumers on a quarterly basis and instead seeks permission to provide the information regarding fuel sources, emissions and labor characteristics by alternative means,

including press releases, postings at Town Hall, and postings on the Town's website and the Program website. Based upon information available to it, the Town and CPG believe that other means are as likely, if not more likely, to effectively deliver the information required by the statute and regulations. As the Department has granted for other municipal aggregation programs, this alternate information disclosure strategy will allow its Competitive Supplier to provide the required information to participating consumers as effectively as the quarterly mailings required under 2020 CMR 11.06(4)(c).

12 RIGHTS AND RESPONSIBILITIES OF PARTICIPANTS

12.1 RIGHTS

All participating consumers shall enjoy the protections of law afforded to them as they currently exist or as they may be amended from time to time. These include rights to question billing or service quality or service practices. Under protocols developed by the Department, problems related to billing or service shall be directed to the appropriate parties. All eligible consumers shall also enjoy the individual right to decline participation in the Town's Program.

12.2 RESPONSIBILITIES

All participating consumers shall meet all standards and responsibilities required by the Department, including payment of billings and access to essential metering and other equipment to carry out utility operations.

13 BENEFITS OF MUNICIPAL AGGREGATION

The Program functions under the restrictions of state law and reflects a range of results and opportunities:

13.1 PARTICIPATION IN COMPETITIVE MARKET

Many consumers lack knowledge and leverage to negotiate terms for power supply. A municipal aggregator provides them with an option for professional representation and the leverage of a large group so that they may participate more effectively in the competitive process and achieve benefits. However, savings cannot be guaranteed.

13.2 SELECTION OF ALTERNATE SUPPLIER

Because the law guarantees the right to opt-out, including the right to choose Basic Service at no charge, all eligible consumers have the right to select a Competitive Supplier other than the one chosen by the Town Administrator and Select Board.

13.3 INDEMNIFICATION AND RISK ASSOCIATED WITH COMPETITIVE MARKET

In a competitive market, it is possible that the failure of a Competitive Supplier to provide service may result in the need for participating consumers to acquire alternative power supply, or for participating consumers to receive power at Basic Service prices. The Town will seek to minimize this risk by contracting with reputable Competitive Suppliers who demonstrate reliable service. The Town also intends to include conditions in its contract with a Competitive Supplier that will indemnify participating consumers against risks or problems with power supply service.

14 REQUIREMENTS CONCERNING AGGREGATED SERVICE

The Town shall comply with the requirements established by law and the rules set forth by the Department concerning aggregated service.

TOWN OF NEWBURY COMMUNITY CHOICE POWER SUPPLY PROGRAM

EDUCATION AND OUTREACH PLAN

PREPARED BY

COLONIAL POWER GROUP, INC.

1 OVERVIEW AND PURPOSE

M.G.L. c. 164, § 134(a) requires that municipal aggregators “fully inform participating ratepayers in advance of automatic enrollment that they are to be automatically enrolled and that they have the right to opt-out of the aggregated entity without penalty. In addition, such disclosure shall prominently state all charges to be made and shall include full disclosure of the basic service rate, how to access it, and the fact that it is available to them without penalty.”

The Education and Outreach Plan (“Education Plan”) component of the Town of Newbury’s (“Town”) Community Choice Power Supply Program (“Program”) is two-pronged. The first is general education through which the Town, with the assistance of its municipal aggregation consultant, will provide information to eligible consumers by way of the media, electronic communications, and public presentations. The second is direct mail notification which will be mailed out to eligible consumers and will contain information regarding participation and rights.

The purpose of the Town’s Education Plan is to raise awareness and provide eligible consumers with information concerning their opportunities, options and rights for participation in the Program.

The Education Plan consists of two parts:

- a) General Education: This will be conducted through the media, public meetings and presentations, and electronic communications and will inform eligible consumers about the Program.
- b) Direct Mail Notification: This will be mailed out to eligible consumers and will contain information regarding participation and rights, as well as comparative prices and terms.

The general education effort will provide a broad back drop for the direct mail notification, boosting awareness of the mailing and its purpose and providing reinforcement of key information.

1.1 GENERAL EDUCATION

The general education will provide a description of the Program for eligible consumers. It will consist of a public relations effort, advertising outreach, public presentations and electronic information sources (i.e. toll-free telephone number, websites, etc.). The general education will provide specific information about the Program and maximize the impact of the direct mail notification which will create an environment of public awareness.

1.1.1 Press Conference

The initial launch of the Program will be a media event featuring representatives from the Town, its Competitive Supplier, and its initial municipal aggregation consultant, Colonial Power Group, Inc. (CPG). This event will be designed to create an understanding of the Program as a whole including consumer rights and benefits. Representatives from local and regional print and broadcast sources will be invited to attend.

A press kit will be assembled to introduce the Program. Materials may include:

- a) news release;
- b) background information;
- c) deregulation and choice information; and
- d) frequently asked questions.

1.1.2 Media Outreach

Following the launch of the Program, media outreach will continue through local cable television shows, newspapers and internet sources to provide greater public education and to describe the Program, the opt-out process and the toll-free telephone number. Outreach will include public service announcements (PSAs), scheduling interviews of Program spokespersons with local media outlets and securing a positive media presence.

A series of news releases will be distributed to achieve the aforementioned goals. Follow-up news releases will update the media on the status of the Program's progress.

Sample Media List:

- a) Daily News of Newburyport
- b) Newbury News
- c) Town Common News
- d) Local Cable TV – Channel 9 Town of Newbury Community TV (TNCTV)

1.1.3 Notices and Public Postings

Notices in newspapers and in Town Hall describing the Program, the opt-out process and the toll-free telephone number will further reinforce the Program’s details. Postings will be placed in public buildings (i.e. library, Senior Center, etc.) which will create the necessary repetition of messages required to motivate consumer action and build awareness and understanding.

1.1.4 Customer Service Center

CPG will maintain a toll-free telephone number to address eligible consumer’s questions regarding the Program, deregulation, the opt-out process, price information and other issues eligible consumers may raise. CPG’s customer service center has the capability to provide interpretation services for more than 200 different languages.

1.1.5 Website

All information regarding the Program will be posted on the Program website maintained by the municipal aggregation consultant (<https://colonialpowergroup.com/newbury/>), which is linked to the Town’s website.

The Program website will note if the Town has chosen to fund personnel costs associated with an Energy Manager position(s) through an Operational Adder. The Program website will have links to National Grid (“Local Distributor”), the Massachusetts Department of Energy Resources (DOER), the Massachusetts Department of Public Utilities (“Department”), and the Town’s Competitive Supplier.

At a minimum, the Town will provide basic information about the Program in a prominent location on its website with the appropriate links to the Program website. All of the Town’s Program documents (including the Department-approved Aggregation Plan, Education Plan, opt-out notification and executed Electric Service Agreement) and education materials will remain available and updated on the Program website.

1.1.6 Translation Services

CPG’s website is equipped with translation services. This will provide for all information regarding the Program to be translated into more than 100 languages. The Town will retain any additional translation services as it determines to be necessary or appropriate for eligible consumers who are hard-to-reach, English is not their primary language or self-identify as speaking English “less than very well”.

1.1.7 Public Presentations

CPG will provide presentations to the Select Board and to any interested community group (i.e. Chamber of Commerce, Council on Aging, etc.). The Town will seek to identify and potentially work with appropriate community and neighborhood-based groups to assist with education and outreach efforts. The Town may leverage email lists and newsletters to ensure consumers are receiving accurate and timely information.

Sample Community Groups:

- a) Newbury Council on Aging
- b) Merrimack Valley Chamber of Commerce
- c) Merrimack Valley Planning Commission
- d) Sierra Club Energy Committee
- e) Massachusetts Climate Action Now

1.1.8 Impaired Physical Capabilities

The Town will employ assistive technology to ensure all eligible consumers, including those with impaired physical capabilities who require visual or audial assistance, are properly informed. Information sessions will be held in accessible locations, typically Town Hall, the Senior Center or the library. Consumers who require assistance (e.g. deaf or otherwise hard-of-hearing, blind or otherwise visually impaired) will have the opportunity to request assistive technology ahead of any such public presentation. In the event that information sessions cannot be held in-person, the presentations will be held online and, as such, will be accessible to consumers with limited mobility.

The opt-out notification will include a separate Language Access Document which will provide instructions regarding how consumers can receive visual or audial assistance with Program information.

1.1.9 Information Disclosure

The Town will provide the disclosure information required under M.G.L. c. 164, § 1F(6) and 220 C.M.R. 11.06. Like other Massachusetts aggregations, the Town has requested a waiver from the requirement that its Competitive Supplier mail an information disclosure label directly to participating consumers on a quarterly basis and instead seeks permission to provide the information regarding fuel sources, emissions and labor characteristics by alternative means, including press releases, postings at Town Hall, and postings on the Town's website and the Program website. Based upon information available to it, the Town and CPG believe that other means are as likely, if not more likely, to effectively deliver the information required by the statute and regulations. As the Department has granted for other municipal aggregation programs, this alternate information disclosure strategy will allow its Competitive Supplier to provide the required information to participating consumers as effectively as the quarterly mailings required under 2020 CMR 11.06(4)(c).

1.1.10 Ongoing Education and Outreach

Once the Program is up and running, education and outreach will continue and will be ongoing. Many of the same vehicles that were utilized prior to and during the launch of the Program will be leveraged to ensure participating consumers are updated in a timely manner on the status of the Program's progress and alerted to any changes in the price and product offering. This will be accomplished through mail, electronic communications, the media, and public meetings and presentations. Specifically, the Town will notify consumers using the following methods: direct mail notice to participating consumers (received no later than 30 days prior to the effective date of the price change), Town website and Program website; press releases and local cable television shows; and presentations to the Select Board or to any interested community group (i.e. Chamber of Commerce, Council on Aging, etc.). In addition, notices will be placed in newspapers, in Town Hall and in public buildings (i.e. library, Senior Center, etc.). All such notifications will describe the Program's details including the price, term, fees, product offering(s)(including renewable energy content), toll-free telephone number, and will inform participating consumers that they may opt-out of the Program at any time and return to Basic Service at no charge. CPG will continue to maintain a toll-free telephone number to address eligible and participating consumers' questions regarding the Program, price information, product offerings, and other issues eligible and participating consumers may raise.

To assist consumers with limited English proficiency and consumers who require visual or aural assistance, the Town will leverage many of the same vehicles that were utilized prior to and during the launch of the Program, which will ensure participating consumers are alerted to any changes in Program price and product offering. CPG's website is equipped with translation services for more than 100 languages. CPG's customer service center has the capability to provide interpretation services for more than 200 different languages. The Language Access Document that accompanies the opt-out notification will include meaningful messaging translated into 26 languages as well as the MassRelay TTY phone number for both English- and Spanish-speaking consumers. Lastly, customer support will be available both verbally via CPG's toll-free telephone number and online via CPG's web form.

In the event the Program is terminated, the Town will follow the procedures outlined in the Department-approved Aggregation Plan for notifying participating consumers, the Local Distributor and the Director of the Department's Consumer Division.

1.2 DIRECT MAIL NOTIFICATION

1.2.1 Opt-Out

The opt-out notification will be sent via standard mail to the billing address of each eligible consumer receiving Basic Service. The notification envelope will be clearly marked as containing time sensitive information related to the Program. The notification will contain a letter describing the Program.

The letter will:

- a) introduce and describe the Program and provide information regarding participation and rights;
- b) inform eligible consumers they have the right to opt-out of the aggregated entity without penalty;
- c) prominently state all charges to be made and a comparison of price and primary terms of the Competitive Supplier and Basic Service, and that savings cannot be guaranteed;
- d) inform eligible consumers if the Town has chosen to fund personnel costs associated with an Energy Manager position(s) through an Operational Adder;
- e) explain the opt-out process;
- f) inform eligible consumers if the Town has chosen to offer an optional product and explain the opt-in process; and
- g) include instructions for consumers who are hard-to-reach, English is not their primary language or self-identify as speaking English “less than very well” (i.e. toll-free telephone number), or require visual or audial assistance.

The opt-out notification will also contain a product summary form and a reply card with a simple check off and signature line for eligible consumers who do not wish to participate. Eligible consumers will have 30 days from the date of receipt of the mailing to postmark and return the opt-out reply card in the pre-addressed envelope provided. Program enrollments shall begin no sooner than 37 days after the mailing of the opt-out notification.

Upon initiation of service, new eligible consumers (i.e. consumers who move to Town after Program initiation) will receive the same opt-out information as all other eligible consumers. New eligible consumers will be enrolled in the Program in accordance with applicable Local Distributor rules.

At least 30 days prior to the effective date of a new supply contract term, participating consumers will receive a mailed notification informing them of the change. Participating consumers who are (i) enrolled in the Program’s standard product or (ii) enrolled in an optional product that will be offered again in the new contract, will be notified that they will be re-enrolled in the same product offering unless they affirmatively opt-out or enroll in an alternative product. Participating consumers enrolled in a Program optional product that (i) will not be offered under the new contract or (ii) no longer conforms to the product offering as originally described, will be invited to select from one of the new product offerings or to opt-out. Any such consumer that does not make a selection or does not opt-out will be enrolled in the Program’s standard product.

1.2.2 Limited English Proficiency

The languages spoken by Town residents who self-identify as speaking English “less than very well” is presented below. The table assumes a total population of 6,646.

Language	Speaks English “Less Than Very Well”	% of Total Population
Spanish	35	0.53%
French	13	0.20%
Japanese	48	0.72%
Total	96	1.45%

Program: 2015 American Community Survey

Source:

<https://data.census.gov/table?q=b16001&g=060XX00US2500945175>

Important notice enclosed from Town of Newbury about your electricity service.
Translate the notice immediately. Call the number or visit the website, above, for help.

THE TOWN OF NEWBURY’S COMMUNITY CHOICE POWER SUPPLY PROGRAM CONSUMER NOTIFICATION

<Month> <Day>, <Year>

Dear Newbury Basic Service Consumer:

The Town of Newbury is pleased to announce that _____ has been selected as the supplier for its Community Choice Power Supply Program (“Program”). This Program is a municipal aggregation which enables local government to combine the purchasing power of its residents and businesses to provide them with an alternative to National Grid Basic Service (M.G.L. c. 164, § 134). This Program only affects the supply portion of your monthly bill. It will not affect the delivery portion of your monthly bill. National Grid will continue to deliver your electricity but Newbury has chosen the supplier for the Program. _____ will provide electric power supply for all consumers currently on Basic Service in Newbury. This letter is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

- ✓ **YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU CHOOSE NOT TO PARTICIPATE AND OPT-OUT.**
- ✓ **YOU MUST RESPOND BY <MONTH> <DAY>, <YEAR> IF YOU DO NOT WISH TO BE AUTOMATICALLY ENROLLED.**

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. The only difference you will see is that _____ will be printed under the “Supply Services” section of your monthly bill. You will continue to receive one bill from National Grid. You will continue to send your payments to National Grid for processing. National Grid will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.

IMPORTANT INFORMATION

ARTICLE 2 RIGHTS GRANTED

2.1 GENERAL DESCRIPTION AND LIMITATIONS

Competitive Supplier is hereby granted the exclusive right to provide All-Requirements Power Supply to Participating Consumers pursuant to the terms of the Program and this ESA. For the avoidance of doubt, Competitive Supplier shall be authorized to supply All-Requirements Power Supply only to Participating Consumers, and the Local Distributor will continue to have the right and obligation to supply electricity to Eligible Consumers who opt-out of the Program and remain on, or return to, Basic Service, until changes in law, regulation or policy may allow otherwise. Competitive Supplier recognizes, however, that this ESA does not guarantee that any individual Eligible Consumer will be served by the Competitive Supplier. Notwithstanding any provision of this ESA to the contrary, if a new Rate Class is added to the Program, to the extent such Rate Class does not include consumers currently served under the Program, the Aggregator shall be permitted to enter into a separate agreement to provide power supply and other services to such Rate Class either with (i) Competitive Supplier or (ii) an alternate supplier under its own load asset.

The Aggregator authorizes the Competitive Supplier on behalf of the Municipality and any Participating Consumers to take any and all actions as the Competitive Supplier determines may be necessary to permit switching and enrollment in accordance with this ESA, Department regulations, and the Competitive Supplier's and the Local Distributor's rules and terms hereof. In accordance with Article 3 below, all Eligible Consumers shall be automatically enrolled in the Program unless they choose to opt-out.

The Aggregator shall specifically authorize the Local Distributor to provide, and Competitive Supplier shall have the right to obtain and utilize as required, all Consumer Data as is reasonably available from the Local Distributor, and which is necessary for the Competitive Supplier to perform its obligations under this ESA. If requested by Competitive Supplier, the Aggregator agrees to use Commercially Reasonable efforts, at Competitive Supplier's cost, to assist Competitive Supplier in obtaining Consumer Data, including, without limitation, assisting Competitive Supplier in obtaining permission from Eligible Consumers and/or the Department, where necessary as a prerequisite to the provision of such information. Competitive Supplier shall not be responsible for any errors that Competitive Supplier makes in the provision of All-Requirements Power Supply to the extent such errors are caused by errors or omissions in the information provided to it by the Local Distributor or the Aggregator.

In addition, to the extent the Aggregator is permitted by the Department to receive information regarding other Local Distributor consumers, including but not limited to New Eligible Consumers, the Aggregator shall authorize the Local Distributor to provide such information to Competitive Supplier, and the Competitive Supplier shall have the right to obtain and use such information as is reasonably available from the Local Distributor to support Aggregator-directed consumer awareness and outreach activities pursuant to Article 3.4.

This ESA is a Forward Contract and the Competitive Supplier and the Aggregator are Forward Contract Merchants.

2.2 NO THIRD-PARTY BENEFICIARIES/AGENCY RELATIONSHIP

This ESA does not and is not intended to confer any rights or remedies upon any person other than the Parties except as otherwise set forth under the ESA. This ESA facilitates rights under M.G.L. c. 164 for Eligible Consumers to purchase electricity from the Competitive Supplier in accordance with the Plan and this ESA. The Aggregator has the right, but not the obligation, to advocate on

behalf of the Eligible Consumers interested in contracting for electric supply and on behalf of all Participating Consumers, unless otherwise prevented by law.

The Aggregator is authorized to act on behalf of the Eligible Consumers in contracting for electric supply for such Eligible Consumers and is authorized to act as agent for all Participating Consumers. The Aggregator and Competitive Supplier agree and understand that Participating Consumers shall be principals or beneficiaries under this ESA and shall be deemed to have privity of contract with Competitive Supplier; *provided, however*, that in any litigation arising under this ESA, only the Aggregator, as agent for the Participating Consumers, has the right but not the obligation to bring claims against the Competitive Supplier.

2.3 COMPLIANCE WITH LAWS

By entering into this ESA, the Parties specifically represent that they have exercised due diligence to review and have fully complied with all relevant regulations and orders of the FERC, the Department, Massachusetts Attorney General, and the Massachusetts Department of Energy Resources and any other Governmental Authorities having jurisdiction over any element of the transactions contemplated by this ESA.

2.4 CONDITIONS PRECEDENT

The Aggregator's obligations under this ESA shall be conditioned upon the Competitive Supplier, or, with respect to (c) and (d) below, Competitive Supplier's affiliate or contracted wholesale power marketer, fulfilling the following requirements:

- a) maintain Competitive Supplier's license from the Department (as such term is defined in the Local Distributor's Terms and Conditions for Competitive Suppliers);
- b) execute a Competitive Electric Supplier Service Agreement with the Local Distributor in a form reasonably satisfactory to Competitive Supplier;
- c) execute any appropriate ISO-NE applications and agreements;
- d) obtain authorization from FERC to sell power at market-based rates;
- e) complete EDI testing with the Local Distributor; and
- f) provide all other documentation reasonably required by the Local Distributor for Competitive Supplier to carry out its obligations under this ESA.

If Competitive Supplier has not fulfilled all such requirements by the Delivery Term Start Date, the Aggregator may terminate this ESA without any liability. Any noncompliance with such requirements after the Effective Date shall be subject to Articles 4.2 and 4.4.

ARTICLE 3 CONSUMER CHOICE, NOTIFICATION OF RIGHT, ENROLLMENT

3.1 CONSUMER CHOICE

The Parties acknowledge and agree that all Participating Consumers have the right, pursuant to M.G.L. c. 164, § 134 and the Program, to change their source of electricity supply, as set forth in

Article 2.1. The Parties represent and warrant to each other that they shall not obstruct the right of Participating Consumers to opt-out of the Program, and shall comply with any rules, regulations or policies of the Department, the Local Distributor and/or other lawful Governmental Authority regarding the procedures for opting out or of switching from one source of electricity supply to another.

3.2 APPLICABILITY OF CONSUMER NOTIFICATION REQUIREMENTS

If this is the first ESA of the Program, then the notification requirements set forth in Article 3.3 shall apply to both Initial Eligible Consumers and New Eligible Consumers. If, however, this is not the first ESA of the Program and the Program has Participating Consumers as of the Effective Date, then the notification requirements set forth in Article 3.3 shall apply only to New Eligible Consumers, unless a Price and Term Appendix otherwise expressly obligates Competitive Supplier to conduct an opt-out mailing in a timeframe necessary for service to begin for Initial Eligible and New Eligible Consumers on the Delivery Term Start Date.

The Competitive Supplier will conduct opt-out mailings to New Eligible Consumers as directed by the Aggregator but no more than four times per calendar year (unless otherwise agreed to by the Parties) and in a Commercially Reasonable timeframe as directed by the Aggregator or CPG.

3.3 NOTIFICATION TO CONSUMERS OF OPT-OUT RIGHTS

Consistent with the requirements of any applicable Governmental Rules, the Aggregator will request or cause CPG to request and obtain from the Local Distributor and provide to Competitive Supplier the account number, service and billing address, and other pertinent contact information of all Initial Eligible Consumers and New Eligible Consumers, as applicable. However, CPG shall exclude any individual Large Industrial New Eligible Consumers from the list of New Eligible Consumer accounts it provides to the Competitive Supplier. Competitive Supplier shall notify each such Eligible Consumer (i) of the date, expressed as the meter read date for a given month, on which such Eligible Consumers will be automatically enrolled in the Program, and (ii) that the Competitive Supplier will be providing All-Requirements Power Supply to such Eligible Consumer as of the same date, subject to the opt-out provisions of the M.G.L. c. 164, § 134, the Plan, and the Program (“Opt-Out Notice”). CPG or the Aggregator will prepare and provide to Competitive Supplier the Opt-Out Notice in form and content as approved by the Department (“Approved Opt-Out Notice”), and the Competitive Supplier shall promptly provide its reasonable comments and suggestions on such form with the understanding that under current Department practice the final form is subject to Department approval. The Competitive Supplier shall mail only such Approved Opt-Out Notice to each such Initial Eligible or New Eligible Consumer, as applicable, in a Commercially Reasonable timeframe as directed by Aggregator or CPG and in compliance with Department directives, but not less than thirty-seven (37) days prior to the date of automatic enrollment as required by the Department. The Approved Opt-Out Notice shall: (i) prominently state all charges to be assessed by the Competitive Supplier; (ii) provide a summary of the prices and terms of service included in the applicable Price and Term Appendix as well as fully disclose the prices and terms then being offered for Basic Service by the Local Distributor; (iii) state how such Initial Eligible or New Eligible Consumer may opt-out of the Program prior to enrollment and remain on Basic Service from the Local Distributor; (iv) state how a Participating Consumer may voluntarily opt-up or opt-down to any other Products offered under the Program;

and (v) state how all Participating Consumers, subsequent to enrollment, will also have the right to opt-out at any time and return to Basic Service or choose a new competitive supplier without paying a fee or penalty to Competitive Supplier. An Initial Eligible or New Eligible Consumer will not be automatically enrolled when an opt-out notice is returned as undeliverable. The Aggregator agrees to take such further actions as the Competitive Supplier may reasonably request, and at Competitive Supplier's cost, in connection with the Competitive Supplier's performance under this Article 3.3.

The Competitive Supplier is responsible for all costs associated with Aggregator's efforts to provide consumer notification to all Initial Eligible and New Eligible Consumers under this Article 3.3. Such costs include, but are not limited to, print materials, printing, copying, mailing, postage, and language translation services. In the event Aggregator or CPG is also expected to incur any similar such costs in support of the foregoing activities ("Support Costs"), Aggregator or CPG, as applicable, will provide Competitive Supplier with advance notice thereof prior to incurring such Support Costs. The total for all Support Costs in any given calendar year shall not exceed the "Support Costs Cap" set out in any Price Term Appendix. Competitive Supplier shall coordinate with and reimburse the Aggregator or CPG for all Commercially Reasonable and actual, documented Support Costs. The Competitive Supplier will maintain a complete list of opt-outs throughout the life of this ESA whether received prior to the initial enrollment or after accounts have been enrolled. Competitive Supplier will make this opt-out list available to the Aggregator or CPG upon request.

In providing the notifications set forth in this Article 3.3, and in otherwise conducting the activities in Article 3.5 below, the Competitive Supplier must rely upon information provided to it by the Aggregator or CPG for the purpose of performing such obligations. Competitive Supplier will not be responsible for any errors or omissions in connection with its notification of Initial Eligible or New Eligible Consumers resulting from errors or omissions in the information provided to it by the Aggregator or CPG. For clarification purposes, all mailing lists of Initial Eligible and/or New Eligible Consumers to receive notices pursuant to this Article 3.3 shall be requested by the Aggregator or CPG from the Local Distributor and shared with Competitive Supplier. The Aggregator and CPG acknowledge that the Competitive Supplier shall not be responsible for requesting mail listings directly from the Local Distributor. Competitive Supplier shall not be responsible for delays in sending notifications to Initial Eligible Consumers, New Eligible Consumers, or Participating Consumers to the extent caused by delays in receiving information, including the form of communication, from the Aggregator or CPG.

3.4 CONSUMER AWARENESS

3.4.1 Consumer Notification of New Competitive Supplier - In the event the Program has Participating Consumers as of the Effective Date of this ESA and the Competitive Supplier is not the current supplier of the Program, then prior to the Competitive Supplier's initial enrollment of any consumer accounts on the Delivery Term Start Date, CPG or the Aggregator will provide to Competitive Supplier the Local Distributor account number, service address, billing address, and other pertinent contact information of Participating Consumers. Competitive Supplier shall notify such Participating Consumers that Competitive Supplier will be providing All-Requirements Power Supply as of the Delivery Term Start Date, and the Retail Price(s) and Program Products pursuant to the applicable

Price and Term Appendix of this ESA. CPG or the Aggregator will prepare and provide to Competitive Supplier the form and content of the notice and Competitive Supplier shall provide such notice to each Participating Consumer in a Commercially Reasonable timeframe and manner as directed by the Aggregator or CPG. The Competitive Supplier is responsible for all costs associated with such consumer notification including, but not limited to, print materials, printing, copying, mailing, postage and language translation services.

3.4.2 Competitive Supplier or CPG Consumer Awareness Activities - Provided all Parties mutually agree on the content and method, the Competitive Supplier or CPG may each conduct consumer awareness efforts at such party's sole expense. Any such efforts must be consistent with the Education Plan included in the Plan.

3.4.3 Aggregator Consumer Awareness Activities - Competitive Supplier shall be responsible for the costs associated with Aggregator-directed consumer awareness efforts but only if such efforts and the scope thereof are detailed and explicitly delegated to Competitive Supplier in any Request for Proposals for competitive electric supply services issued in connection with this ESA and also expressly set out in any Price and Term Appendix ("Program Promotions"). Such Program Promotions may include enhancements to the Aggregator's website, print advertisements, paid social media, consumer outreach, and the preparation and delivery of educational materials that are separate and apart from other consumer notification mailings required pursuant to this ESA. Competitive Supplier will not be responsible for the costs of any promotion(s) of the program that is not a Program Promotion included in the Request for Proposal and Price and Term Appendix. The Aggregator may also request Competitive Supplier to print and mail Aggregator-prepared Program Promotions materials to Participating Consumers, Eligible Consumers, or electricity consumers of the Municipality, provided, however, any such efforts shall not occur more than once in any given calendar year during the term of this ESA, and provided further that the content of such Program Promotions shall be subject to Competitive Supplier's reasonable comments, and final approval by the Department. The total costs for all Program Promotions in any given calendar year shall not exceed the "Program Promotions Cap" set out in any Price Term Appendix. Further, the Aggregator may, in its discretion, adjust the Retail Price(s) to allow either the Aggregator or CPG to recoup costs incurred by either party for Aggregator-directed consumer awareness efforts, in which case the Aggregator will direct Competitive Supplier to collect and remit such reimbursements to the Aggregator or CPG as appropriate.

3.5 ENROLLMENT

The enrollment procedures set out in this Article 3.5 are also summarized in Exhibit A to this ESA. However, in the event of a conflict between this Article 3.5 and Exhibit A, the terms in this Article 3.5 shall govern. Competitive Supplier shall perform any consumer enrollments pursuant to this Article 3.5 in accordance with applicable Local Distributor rules.

3.5.1 Initial Eligible Consumers – If applicable pursuant to Article 3.2, CPG or the Aggregator shall provide Competitive Supplier with the list of Initial Eligible Consumers, as well as such Initial Eligible Consumers' service and billing addresses, and any other related

information the Parties agree is necessary, in sufficient time for Competitive Supplier to commence All-Requirements Power Supply as of the Delivery Term Start Date.

3.5.2 Participating Consumers - If applicable pursuant to Article 3.4, CPG or the Aggregator shall provide Competitive Supplier with the list of Participating Consumers, as well as such Participating Consumers' service and billing addresses, and any other related information the Parties agree is necessary, in sufficient time for Competitive Supplier to commence All-Requirements Power Supply as of the Delivery Term Start Date. All Participating Consumers will continue to be enrolled in the Program under the terms of this ESA unless they opt-out in accordance with the Plan, this ESA, and Governmental Rules.

3.5.3 New Eligible Consumers - New Eligible Consumers (a) who are provided notice, and (b) elect not to opt-out of the Program, each as provided in Article 3.3, will be automatically enrolled by Competitive Supplier in the Program at the Retail Price for the standard Product.

3.5.4 Eligible Consumers that Previously Opted Out - At any time during the Term of this ESA, Eligible Consumers who have previously opted out of the Program, with the exception of Large Industrial Eligible Consumers, may request that they be enrolled in the Program. Competitive Supplier will provide All-Requirements Power Supply to such Eligible Consumers at the Retail Price applicable for the Product selected.

3.5.5 Eligible Consumers Previously Served by Third Parties - Competitive Supplier agrees that, with the exception of Large Industrial consumers, consumers that are being served or were previously served under third-party competitive supply agreements may affirmatively opt-in and receive All-Requirements Power Supply at the Retail Price applicable for the Product selected when such agreements terminate or are otherwise completed.

3.5.6 Large Industrial Consumers – Large Industrial consumers that (i) are New Eligible Consumers, (ii) previously opted out of the Program, or (iii) are being served or were previously served under third-party competitive supply, may request to be enrolled in the Program and the Competitive Supplier shall offer to provide All-Requirements Power Supply to such Large Industrial consumers based on the then market rate as determined by the Competitive Supplier in its sole discretion for the Product selected. Such offer shall be consistent with all terms of this ESA, including but not limited to the consumer's ability to opt-out of the Program at any time without penalty. Prior to enrollment, the Competitive Supplier shall promptly provide written notice to CPG if any Large Industrial Eligible Consumer accepts such market rate offer.

ARTICLE 4 TERM OF AGREEMENT AND TERMINATION

4.1 TERM

This ESA shall commence on the Effective Date, *provided, however*, that Competitive Supplier's obligation to provide All-Requirements Power Supply for any Delivery Term shall commence on the Delivery Term Start Date, and shall terminate on the Delivery Term End Date, each as set out in a Price and Term Appendix, unless terminated earlier under Article 4.2 below ("Term");

provided further, however, the Competitive Supplier will only begin service to a Participating Consumer after such Participating Consumer has been enrolled by the Competitive Supplier and the Participating Consumer has been switched by the Local Distributor to the Competitive Supplier in accordance with all Governmental Rules. It may take up to two billing cycles for the enrollment with the Competitive Supplier to take effect. The Competitive Supplier is not responsible for any such delay, or any failure or delay in enrolling any Participating Consumer caused by the Local Distributor. The Aggregator shall provide such cooperation, assistance, documents, authorizations, instruments and other information as reasonably requested by the Competitive Supplier to permit the enrollment and servicing of Participating Consumers in the Program.

4.2 TERMINATION

This ESA may be terminated at any time upon written notice:

- a) by the Aggregator or the Competitive Supplier if either Party fails pursuant to Article 4.4 to cure any breach of any material provision of, or obligation under, this ESA (including, but not limited to, Article 5.6.2 and Article 9, but excluding the failure to provide or arrange for All-Requirements Power Supply, which is addressed in Article 4.2(d)), within sixty (60) days following written notice to do so by the non-breaching Party; or
- b) by the Aggregator or the Competitive Supplier if the other Party is in Bankruptcy as that term is defined in this ESA; or
- c) by the Aggregator or the Competitive Supplier if any material provision or condition of this ESA be finally adjudged invalid by any court of competent jurisdiction or if the Department exercises any lawful jurisdiction and invalidates or disapproves this ESA in whole or in significant part; or
- d) by the Aggregator in the event of the failure of the Competitive Supplier to supply All-Requirements Power Supply to Participating Consumers; provided, however, that the Aggregator shall not be permitted to terminate this ESA if the Competitive Supplier's failure to provide or arrange All-Requirements Power Supply, through no fault of Competitive Supplier, is a direct result of a Force Majeure or, to the extent not qualifying as Force Majeure, actions or non-actions by any transmission service provider, the Local Distributor, the Aggregator, CPG, the ISO-NE, or a Governmental Authority.

4.3 OBLIGATIONS UPON TERMINATION

Following termination of this ESA, the Parties shall each discharge by performance all obligations due to any other Party that arose up to the date of termination of the ESA. The Competitive Supplier shall reasonably cooperate in good faith to transition Participating Consumers to a new competitive supplier or back to the Local Distributor. Upon the effective date of termination of the ESA, all rights and privileges granted to, and obligations imposed on, the Competitive Supplier shall cease, with the exception of Competitive Supplier's right to collect all monies due for services rendered, and except as otherwise expressly provided in this ESA. It may take up to two billing cycles to transfer Participating Consumers to another provider or the Local Distributor and the Competitive Supplier is entitled to all payment for All-Requirements Power Supply provided

whether before or after the date of termination. The Aggregator shall require any successor competitive supplier to make best efforts to switch Participating Consumers away from Competitive Supplier and to its own service upon the Delivery Term End Date. The Competitive Supplier is permitted to cause the Local Distributor to drop the accounts of any Participating Consumers which are not switched or dropped by the Delivery Term End Date.

4.4 EVENT OF DEFAULT AND SPECIFIC PERFORMANCE

Notwithstanding any other provision to the contrary herein, the Parties agree that it will be an Event of Default if (i) a Party fails, pursuant to Article 4.2(a), to cure a breach of any material provision of, or obligation under, this ESA, including but not limited to the provisions of Article 6, (ii) a Party becomes Bankrupt, (iii) in the case of Competitive Supplier, the Competitive Supplier fails to provide All-Requirements Supply as set forth in and subject to Article 4.2(d), (iv) a Party modifies, suspends or terminates the Program during the Term, except where such modification, suspension or termination is, through no fault of the Party, required by Governmental Rules, or (v) a Party seeks to terminate this ESA except as expressly authorized in this ESA, including Article 4.2. Upon an Event of Default by Aggregator, Competitive Supplier shall be entitled to specific performance of this ESA as its sole remedy. The Parties acknowledge and agree that because monetary damages are not available to Competitive Supplier under this ESA, there is no remedy at law adequate to compensate Competitive Supplier for the Aggregator's actions as described in (i), (iv) or (v), and further agree that Competitive Supplier will suffer irreparable harm if the Aggregator takes any of the actions described in (i), (iv), or (v) herein.

4.5 EXTENSION

The ESA may be extended beyond the termination date established in Article 4.1 by mutual, written agreement of the Parties, provided however, any new pricing terms shall be negotiated, and the Parties shall amend this ESA by executing an updated Price and Term Appendix. Upon any such extension of this ESA, this ESA shall continue to be in effect, and all provisions of the ESA as amended shall retain the same force and effect as before the extension, unless it is terminated by either Party pursuant to the provisions of Article 4.2 or until the date stated in such extension.

ARTICLE 5 CONTINUING COVENANTS

The Competitive Supplier agrees and covenants to perform each of the following obligations during the term of this ESA.

5.1 STANDARDS OF MANAGEMENT AND OPERATIONS

In performing its obligations hereunder, during the term of this ESA, the Competitive Supplier shall employ an adequate number of competently trained and experienced personnel to carry out its responsibilities; exercise all reasonable efforts to deliver or arrange to deliver a supply of such amounts of electricity to the Point of Delivery as are required under this ESA; comply in all material respects with all relevant industry standards and practices for the supply of electricity to Participating Consumers.

5.2 CUSTOMER SERVICE ACCESS

The Competitive Supplier shall provide, or cause to be provided, certain customer services to Participating Consumers and Eligible Consumers. Such services shall be reasonably accessible to Participating Consumers, shall allow Participating Consumers and Eligible Consumers to transact business they may have with the Competitive Supplier, and shall serve as a communications liaison among the Participating Consumers, the Aggregator, CPG, and the Local Distributor. A toll-free telephone number shall be established by Competitive Supplier on or before the Effective Date and shall be available for Participating Consumers to contact Competitive Supplier not later than 8:00 AM and continuing at least until 5:00 PM Eastern Prevailing Time, Monday through Friday, excluding federal holidays to resolve concerns, answer questions and transact business with respect to the service received from Competitive Supplier. The Aggregator will post Program-related information on the Aggregator's website which will be available to Participating Consumers for general information, product and service information, and other purposes.

5.3 RESPONDING TO REQUESTS FOR INFORMATION

To the extent authorized by the Participating Consumer(s) (if such individual authorization is required by law), the Competitive Supplier shall, during normal business hours, respond promptly and without charge to reasonable requests of the Aggregator or CPG for information or explanation regarding the matters covered by this ESA and the supply of electricity to Participating Consumers. Competitive Supplier agrees to designate a service representative or representatives (the "Service Contacts") who shall be available for these purposes and shall identify the office address and telephone number of such representative(s). Whenever necessary to comply with this Article 5.3, the Service Contacts shall call upon other employees or agents of the Competitive Supplier to obtain such information or explanation as may be reasonably requested. Nothing in this Article 5.3 shall be interpreted as limiting the obligation of the Competitive Supplier to respond to complaints or inquiries from Participating Consumers, or to comply with any regulation of the Department or Attorney General regarding customer service.

5.4 ARRANGING FOR FIRM ALL-REQUIREMENTS POWER SUPPLY

5.4.1 Renewable Energy Obligations

Competitive Supplier shall manage the Renewable Energy Obligations pursuant to this ESA. To the extent the ESA requires Voluntary Renewable Energy to be sourced from resources that are tracked within the NEPOOL Generation Information System ("NEPOOL GIS"), the Competitive Supplier shall create and manage either a NEPOOL GIS subaccount or reserve account exclusively for the Program to receive, account for, track, and manage any and all RECs acquired and delivered to meet the voluntary renewable requirements of Products containing Voluntary Renewable Energy, if any ("Program GIS Account"), but only if a requirement for a Program GIS Account is explicitly set out in any Request for Proposals for competitive electric supply services in connection with this ESA and set forth in the applicable Price and Term Appendix to this ESA. Regardless of whether Competitive Supplier is required to establish a Program GIS Account, Competitive Supplier nonetheless shall be required to provide documentation satisfactory to the Aggregator demonstrating that Competitive Supplier met all voluntary renewable requirements of Products containing Voluntary Renewable Energy. Competitive Supplier shall provide such documentation or

copies of detailed reports from the Program GIS Account pursuant to Article 11.1.1 and as requested from the Aggregator from time to time.

5.4.2 {Reserved}

5.4.3 Interruption to Delivery Service

Competitive Supplier shall not be responsible to the Aggregator or any Participating Consumers in the event the Local Distributor, for whatever reason and through no fault of Competitive Supplier, physically disconnects, curtails or reduces service to Participating Consumers.

5.5 NON-DISCRIMINATORY PROVISION OF SERVICE

Competitive Supplier shall supply electric energy to the Point of Delivery to all Participating Consumers on a non-discriminatory basis pursuant to the prices and terms as set out in the then effective Price and Term Appendix. The Competitive Supplier may not deny service to an Eligible Consumer for failure to pay the bills of the Local Distributor or other competitive supplier. Competitive Supplier shall be permitted to drop any Participating Consumer and return such consumer to the Local Distributor for failure to make timely payments of its invoice to the Local Distributor pursuant to Article 7.4.2 if Competitive Supplier has not otherwise been compensated by the Local Distributor pursuant to its Competitive Electric Competitive Supplier Service Agreement with the Local Distributor.

5.6 CONSUMER DATA AND COMMUNICATIONS WITH CONSUMERS

5.6.1 Limitations

Notwithstanding anything to the contrary in this ESA, including this Article 5.6, the Competitive Supplier may only communicate with Participating Consumers and/or use the lists of Eligible Consumers and Participating Consumers provided by Aggregator or CPG to send Aggregator-approved educational materials, opt-out notices, or other communications essential to the operation of the Program consistent with the terms of this ESA. Such lists may not be used by the Competitive Supplier to market any additional products or services to Eligible Consumers or Participating Consumers. Aggregator shall also be responsible for securing any required approvals for communications with Participating Consumers, including any necessary review by the Department.

5.6.2 Ownership and Use of Consumer Data

Competitive Supplier acknowledges that, as between the Parties, the Aggregator shall have exclusive ownership of all right, title, and interest in and to all Consumer Data. Competitive Supplier shall use Consumer Data solely to provide All-Requirements Power Supply to Participating Consumers and to render other services required or permitted under this ESA and Competitive Supplier shall treat Consumer Data as confidential information. Any other use of Consumer Data without the prior written consent of the Aggregator is strictly prohibited. Competitive Supplier shall maintain all Consumer Data in electronic format. Unless restricted by applicable Governmental Rules, the Competitive Supplier will make

Consumer Data available to the Aggregator or CPG upon request. Aggregator shall be responsible for CPG's possession and use of Consumer Data. Notwithstanding anything in Article 16 to the contrary, Competitive Supplier may share Consumer Data with affiliates and third-party vendors as reasonably necessary to accommodate Competitive Supplier's provision of All-Requirements Power Supply, other rights, or performance obligations pursuant to this ESA (including, without limitation, collection of receivables), provided that Competitive Supplier will inform any such vendor in writing of the confidential nature of Consumer Data and the restrictions set forth in this Article 5.6 and elsewhere in this ESA. In the event the Aggregator has chosen a new supplier for its Program, then prior to the Delivery Term End Date and at a time determined by the Aggregator, Competitive Supplier shall provide a copy of the Participating Consumer data in an electronic format which is generally usable, as it then exists, to the Aggregator and at the Aggregator's written direction, to other parties, such as the new supplier, which the Aggregator represents will have been authorized to receive such data; provided that Competitive Supplier will provide such data on an "as-is" basis and without warranty of any kind. COMPETITIVE SUPPLIER HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES PERTAINING TO SUCH DATA, WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. A material violation of this Article 5.6.2 by Competitive Supplier, its affiliates or third-party vendors shall be grounds for termination under Article 4.2(a). Competitive Supplier agrees such a violation of this Article 5.6.2 will constitute irreparable harm.

5.6.3 Approval of General Communications

Prior to sending any direct mail, electronic mail, or other similar communication (collectively, "General Communications") to Participating Consumers (but excluding individually drafted or tailored communications responding to the specific complaint or circumstance of an individual consumer), Competitive Supplier shall provide a copy of such General Communication to the Aggregator for its review to determine whether such communication is essential to the operation of the Program pursuant to Article 5.6.1. The Aggregator shall have the right to object to such General Communications and suggest revisions, provided, however, that the Aggregator's approval shall not be unreasonably withheld or delayed. The Aggregator may reject or exclude any proposed General Communication that, in its reasonable judgment, is contrary to the interests and objectives of the Program or the Aggregator, and the Competitive Supplier shall not send such rejected or excluded General Communication; provided, however, any such right of rejection or exclusion shall not apply to Competitive Supplier's notice to exercise or enforce its rights under the ESA, including but not limited to any notice of Force Majeure, Change in Law, or any communication required by the Department or any other Governmental Authority.

5.6.4 Direct Marketing

Competitive Supplier agrees not to engage in any direct marketing of a new product or service to any Participating Consumer that relies upon Competitive Supplier's unique knowledge of, or access to, Participating Consumers gained as a direct result of this ESA unless first approved in writing by Aggregator or CPG. Any new product or service that the

Competitive Supplier and/or the Aggregator wish to make available to Participating Consumers pursuant to this Article 5.6.4 is subject to Department approval. For the purposes of this provision, “direct marketing” shall include any outbound sales-based telephone call, mailing, or electronic mail from Competitive Supplier to a Participating Consumer through which Competitive Supplier markets products or services other than those being provided pursuant to this ESA. Broad-based programs of the Competitive Supplier that do not rely on unique knowledge or access gained through this ESA will not constitute such “direct marketing.”

5.6.5 Participating Consumer Lists

To the extent not prohibited by any Governmental Rule, the Competitive Supplier shall provide a list of the Participating Consumers being served by the Competitive Supplier to the Aggregator or CPG upon written request, including such reasonable identifying and usage information as the Aggregator may also request to the extent such information is available to Competitive Supplier. Competitive Supplier shall provide such Participating Consumer lists in an electronic format reasonably acceptable to both Parties and with no more frequency than once a month.

5.7 COMPLIANCE WITH LAWS AND STANDARDS

The Parties shall promptly and fully comply with all existing and future Governmental Rules as applicable to the activities covered by this ESA, including, as to Competitive Supplier, all applicable Renewable Energy Standards.

5.8 CONSENT

Whenever performance of an obligation of any Party hereto requires the consent or approval of any Governmental Authority, such Party shall make Commercially Reasonable efforts to obtain such consent or approval. In the event the Competitive Supplier requests the Aggregator’s assistance in obtaining such consent or approval and the Aggregator anticipates that it will incur costs in fulfilling the Competitive Supplier’s request, it shall give the Competitive Supplier an estimate of such costs. Upon receiving the estimate, Competitive Supplier shall determine if it will continue to request the Aggregator’s assistance, and if so, the Competitive Supplier shall reimburse the Aggregator for all actual costs, up to the estimated dollar amount, reasonably incurred by the Aggregator in connection with such efforts.

ARTICLE 6 ROLE OF THE AGGREGATOR

Under this ESA, the Aggregator shall not actually receive, take title to, or be liable for the supply or delivery of All-Requirements Power Supply in any manner whatsoever. The Parties specifically agree that the role of the Aggregator (in addition to fulfilling its obligations under this ESA) is to set the terms and conditions under which All-Requirements Power Supply will be provided by the Competitive Supplier under this ESA, and to enforce the Competitive Supplier’s compliance with those terms and conditions. The Parties agree that Aggregator is not a “distribution company”, “electric company”, “generation company” or “transmission company” within the meaning of M.G.L. c. 164, § 1 as a result of this ESA, unless a court, the Department, or other lawful authority shall adjudicate to the contrary; provided, however, that the Aggregator may be considered to be

operating a municipal load aggregation plan pursuant to M.G.L. c. 164, § 134. All Participating Consumers are bound as principals and beneficiaries to this ESA subject to the provisions of M.G.L. c. 164, § 134 and Department rules and practice. The Competitive Supplier hereby agrees that it will take no action that would make the Aggregator liable to any Participating Consumer due to any act or failure to act on the part of the Competitive Supplier relating to the delivery or supply of All-Requirements Power Supply.

ARTICLE 7 PRICES AND SERVICES; BILLING

7.1 SCHEDULE OF PRICES AND TERMS

Competitive Supplier agrees to provide All-Requirements Power Supply and other related services as expressly set forth herein in accordance with the prices and terms included in the then effective Price and Term Appendix to this ESA.

7.2 OBLIGATION TO SERVE

As between the Parties, Competitive Supplier has the sole obligation, subject to Article 5.5, to arrange for the delivery of All-Requirements Power Supply for all Participating Consumers at the Point of Delivery.

7.3 METERING

The Local Distributor will be responsible for any metering which may be required to bill Participating Consumers in accordance with the Local Distributor's terms and conditions for competitive suppliers, as may be amended from time to time.

7.4 TERMS AND CONDITIONS PERTAINING TO INDIVIDUAL ACCOUNT SERVICE

7.4.1 Title

Title to All-Requirements Power Supply will transfer from Competitive Supplier to Participating Consumers at the Point of Sale. In accordance with the Local Distributor's terms and conditions for competitive suppliers, Competitive Supplier will be responsible for any and all line losses incurred on the local network transmission systems and distribution systems, as determined by the Local Distributor.

7.4.2 Billing and Payment

Competitive Supplier shall cause the Local Distributor to prepare and mail bills to Participating Consumers monthly based on the meter readings performed by the Local Distributor for each Participating Consumer's meter(s). The Competitive Supplier shall adopt the billing and payment terms offered by the Local Distributor unless the Competitive Supplier and Local Distributor otherwise agree. If actual meter data is unavailable, the Competitive Supplier may bill based on its good faith estimates of usage, and any over-charge or under-charge will be accounted for in the next billing period for which actual meter data is available.

7.4.3 Regional and Local Transmission

The Retail Prices set out in any Price and Term Appendix do not include current and future charges collected or assessed by the Local Distributor pursuant to its distribution service tariff, or local transmission costs as may be imposed by NEPOOL, ISO-NE or individual electric utilities that have FERC transmission tariffs or other such distribution and transmission charges. All such costs will be billed to and collected from Participating Consumers by the Local Distributor. If, in the future, Competitive Supplier becomes responsible for such distribution or transmission costs, Competitive Supplier shall be entitled to collect such costs to the extent permitted by any Governmental Rules.

7.4.4 Taxes

All sales, gross receipts, excise or similar taxes imposed with respect to the sale or consumption of All-Requirements Power Supply required to be collected by the Competitive Supplier shall be included on the Participating Consumer's bill and shall be remitted to the appropriate taxing authority by Competitive Supplier. Participating Consumers shall be responsible for all taxes (except for taxes on Competitive Supplier's income) associated with sales under the ESA. Participating Consumers shall be responsible for identifying and requesting any exemption from the collection of any tax by providing appropriate documentation to Competitive Supplier.

ARTICLE 8 OPTIONAL PRODUCTS

Competitive Supplier agrees that it will offer the optional Products described in the then effective Price and Term Appendix into its provision of All-Requirements Power Supply under this ESA.

ARTICLE 9 SERVICE PROTECTIONS FOR RESIDENTIAL CONSUMERS

Competitive Supplier agrees that it shall comply with the regulations applicable to Competitive Supplier regarding the supply of retail power to Participating Consumers, and any amendments thereto, and any code of conduct or policies the Department may adopt in accordance with M.G.L. c. 164, § 1F(7). If a Participating Consumer so permits, to the extent such permission is required by law or the terms of any Department order with respect to this ESA, the Competitive Supplier agrees to provide notice to the Aggregator and CPG of any consumer complaints submitted to, and recorded by, the Department or the Massachusetts Attorney General's Office by a Participating Consumer and received by Competitive Supplier that Competitive Supplier is unable to resolve with the Participating Consumer within five (5) Business Days following Competitive Supplier's receipt of the complaint. Competitive Supplier agrees to notify the Aggregator and CPG of such complaints after the expiration of said fifth Business Day, and the Aggregator or its agent may, at Aggregator's election, participate and advocate on behalf of the Participating Consumer in resolution of the dispute, to the extent that such complaints relate directly to the Program, and to the extent not prohibited by Department regulations and other applicable law.

In addition, and in accordance with M.G.L. c. 164, § 1F(2) and 220 CMR 11.05(2)(b)19, in the event of a dispute regarding an invoice or Competitive Supplier's service under this ESA, a

Chapter 4, Section 7, and M.G.L. Chapter 66, Section 10, and other applicable statutes (collectively, the "Public Records Law"), if any, relative to any requests for public information concerning this ESA received from a third party.

To the extent consistent with the Public Records Law, each Party shall keep confidential, and shall not disseminate to any third party (other than such Party's affiliates, employees, or contractors) or

use for any other purpose (except with written authorization, such authorization not to be unreasonably withheld), any information received from the other that is confidential or proprietary in nature unless legally compelled (by deposition, inquiry, request for production of documents, subpoena, civil investigative demand or similar process, or by order of a court or tribunal of competent jurisdiction, or in order to comply with applicable rules or requirements of any stock exchange, government department or agency or other Governmental Authority, or by requirements of any securities law or regulation or other Governmental Rule) or as necessary to enforce the terms of this ESA. Notwithstanding the foregoing or anything to the contrary in this Article, the Party receiving confidential or proprietary information shall have no obligation with respect to such information which: (i) is or becomes generally available to the public other than as a result of disclosure by the receiving Party; (ii) was in its possession prior to disclosure hereunder and which was not acquired directly or, to the Party's knowledge, indirectly from the disclosing Party; (iii) was received from a non-party to this ESA who to the receiving Party's knowledge, was not subject to a confidentiality agreement or fiduciary obligation regarding information; (iv) was independently developed by the receiving Party without reference to the information; (v) is required to be publicly reported under any U.S. or state securities law; or (vi) is not exempt from disclosure under the Public Records Law.

Either Party may disclose the terms of this ESA to its affiliates, and to its and officers, directors, employees, attorneys, accountants, and third-party vendors as reasonably necessary to accommodate Competitive Supplier's provision of All-Requirements Power Supply or other performance pursuant to this ESA, and otherwise to entities that have executed a non-disclosure certificate or agreement in a form mutually acceptable to the Parties. This Article 16 shall survive the termination of this ESA for a period of two (2) years.

Any Department-approved changes to the Local Distributor's Purchase of Receivable ("POR") Plan originally approved by the Department pursuant to D.P.U. 10-53 shall be deemed a Change in Law. For the purposes of clarity, periodic changes to the purchase of receivable discount rate and timing of payments filed by the Local Distributor and approved by the Department shall not constitute a Change in Law hereunder. Upon delivery of such notice, the Parties shall use reasonable efforts to negotiate an amendment to this ESA to mitigate such effect. Alternatively, if as a direct result of such a Change in Law or New Taxes, the Competitive Supplier incurs additional, material costs in performance of its obligations under this ESA, the Competitive Supplier shall provide a written notice to the Aggregator that documents: a) the effective date of the Change in Law or New Taxes; b) a detailed explanation and reasonable demonstration of the material costs incurred as a result of the Change in Law or New Taxes; c) the timing of the cost impact to be incurred by the Competitive Supplier; d) the proposed price increase per kWh to be passed on to Participating Consumers; and e) a proposed plan for coordinating with the Local Distributor for an increase in the price per kWh that is billed by the Local Distributor, designed to reimburse the Competitive Supplier for such cost impact. If the Aggregator and the Competitive Supplier cannot agree on the amendment to this ESA or reimbursement contemplated by this section, the matter shall be subject to dispute resolution in accordance with Article 12.2. In no event shall a price change become effective without providing Participating Consumers with a 30-day advance notice of the price change.
